HOMECOMING

Anthony Goulet

The important game is imminent and we must get psyched! In order to prove our motivation and dedication to our colors, we participate in outrageous dress-out events that keep Saver's in business! That's not all! Every evening we get pumped up against the "enemy", this year and every year's target-- Sparks. We get together to display our pride around the school. This year's Homecoming events and dress-up days were as follows:

Monday: Mismatched messed up hair
Tuesday: Tacky Tourist Day
Wednesday: Wipe Out
Thursday: Class Day
Friday: Blue and Gold Day

FALL HOMECOMING ROYALTY

Natasha Welty

When you think about kings, queens, princesses, princes, dragons, and etc. we hope you think about our 1999 millenmum reign of royalty and, yes, we are talking about our Homecoming. With our queen and her escort at hand, we were bounced into this school year of memories from Superman to Aladdin. We concentrated ourselves on this year's queen, Natasha Welty, and her escort, Lamar Lee, as the royal family of our Reed Raiders. Our team came through and won the coveted Homecoming game and, once again, the Sparks Mayor's Trophy.

With love and content in our hearts, congratulations everyone!

Powder Puff

Justin Ashby

Among our many spirit oriented activities for Homecoming is the Powder Puff Football Game. In this hilarious reversal of roles, the girls assume the role of the jocks, while the boys pretty themselves up and squeeze into the cutest cheerleading outfits. This year the junior girls benefited from the coaching experience of Social Studies teachers Milton Hyams and Jason Seville, while the senior girls were beefed up by the same department's Nick Kuster and Eric Feeney. The "cheerleaders to be" were refined and taught the basic principles of high kicking and pyramid making by the gifted adviser, Science teacher Sue Reed. This year, the senior girls triumphed at an awesome 24-8, upsetting their opponents, the junior class.

SPIRIT WEEK

Joe Harness

Cheers and excited shouts ring throughout the halls. Everyone is geared up and glowing with school spirit.

Activities go on all week to shake things up a little and to make it more fun.

Spirit week brings out the best in people and they show their support by dressing up on those days and wearing blue and gold. At the end of the week, the Reed High Football Team shows what they are made of. This week gives people a chance to get involved and show their school pride. Reed has always been popular for its school spirit and this year was no different. People were all decked out, from bringing gigantic stuffed animals for Senior Day to wearing grass skirts and bikini tops for Hawaiian Day. School spirit is essential in making a school the best it can be and we've got what it takes to make this school the best! Gooooo Reed Raiders!!!!

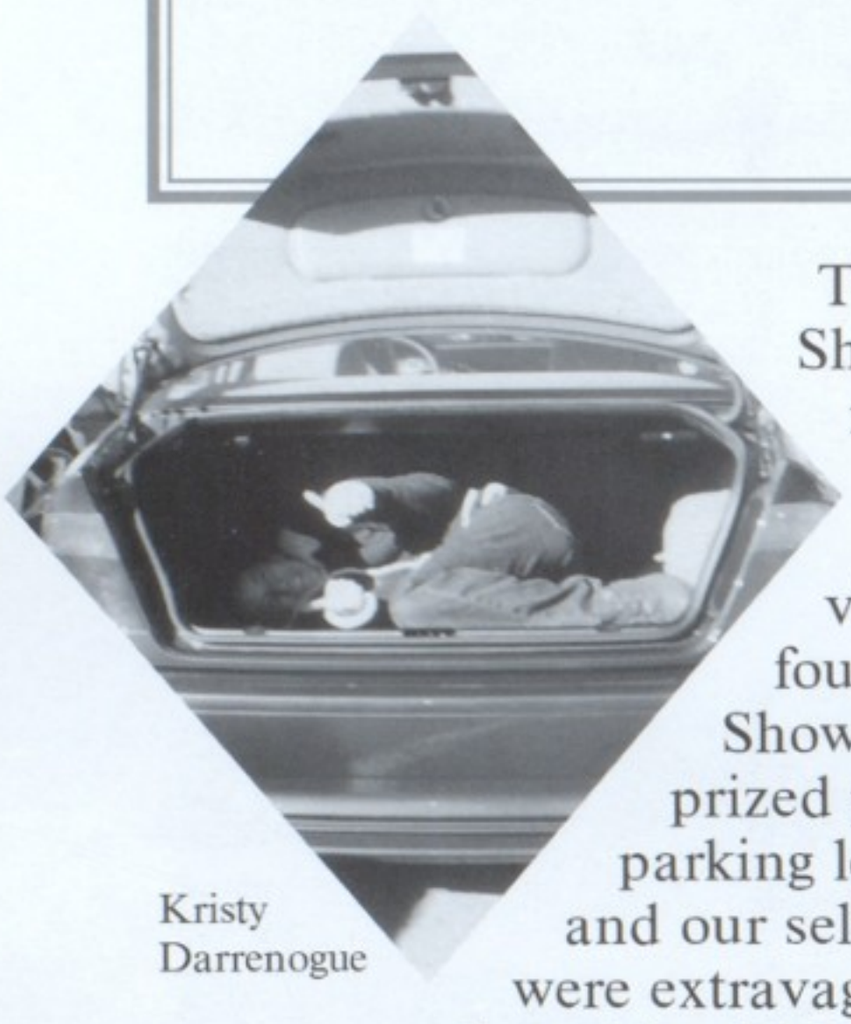
CAR SHOW



Kristy Darrenogue

The Reed High Car Show manifested with nearly forty participants and bloomed with at least one-thousand viewers. This year's fourteenth annual Car Show became our most prized possession in our parking lot with cars and trucks and our select few mopeds that were extravagant to the Car Show. So, with a high five, it fired out with the bomb viewing. Great job car show organizers and participants!

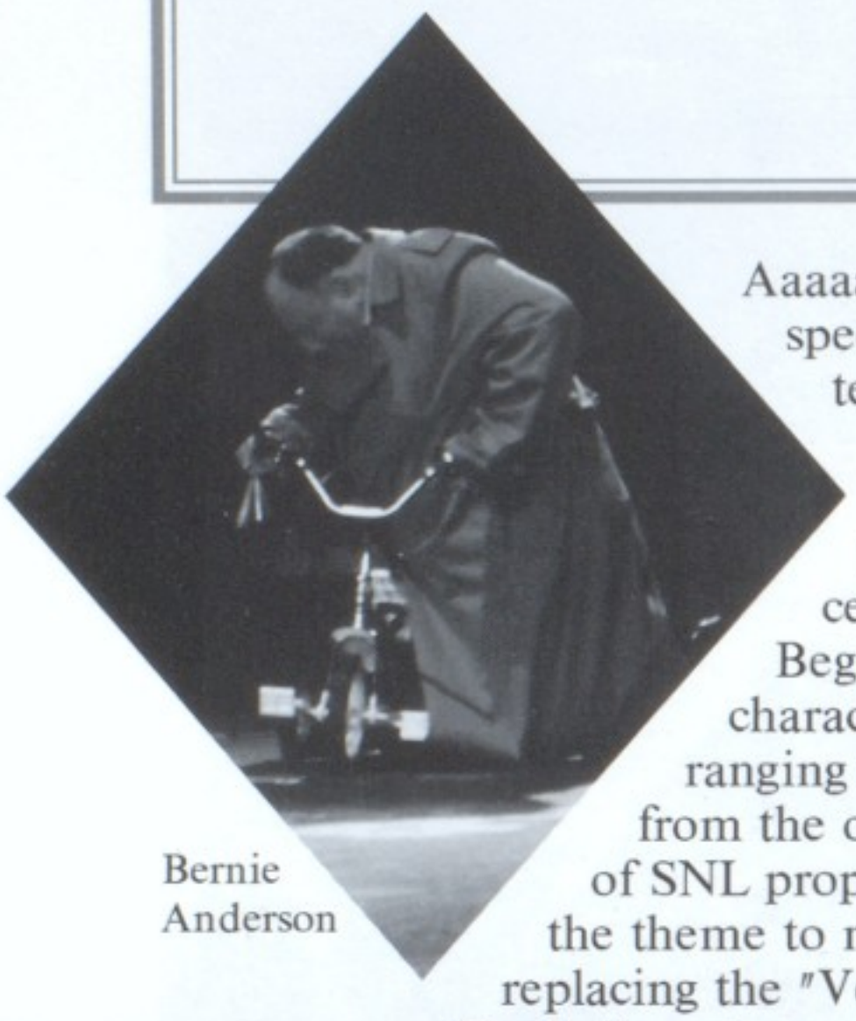
Faculty Play



Bernie Anderson

Aaaaaah! The faculty play, that special event where the teachers and staff are the stars! This year, we saw their talents displayed in a funny compiliation of skits celebrating the 60's. Beginning as a large party, the characters told all sorts of jokes, ranging from silly to sage. Adapted from the original 60's television show of SNL proportions, our version brought the theme to modern audiences by replacing the "Very interesting " Nazi with Dr. Evil, and even giving Austin Powers an awesome part of the action ("Yeah baby!") *Rowan and Martin's Laugh-In* was a huge success, thanks to a wonderful cast (our illustrious teachers and staff), as well as a dedicated student crew (in ABC order): Jenaca Bench, Haunai Cathcart, Shirley Ding, Alison Gomez, Lance Hutchinson, Nikki Larson, Mark Lorentzen, Toby Marble, Heather Marvel, Katie Reed, Elena Scire, and Brandon Shirley. Much thanks to Karla Harrison, the faculty director.

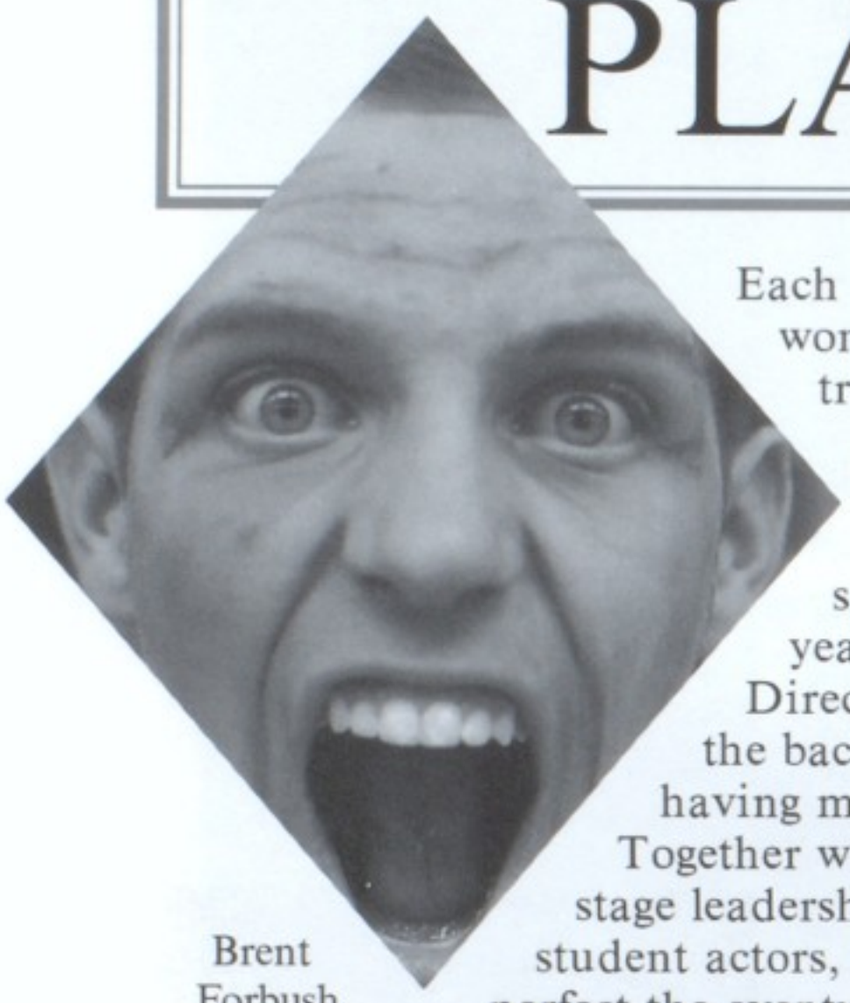
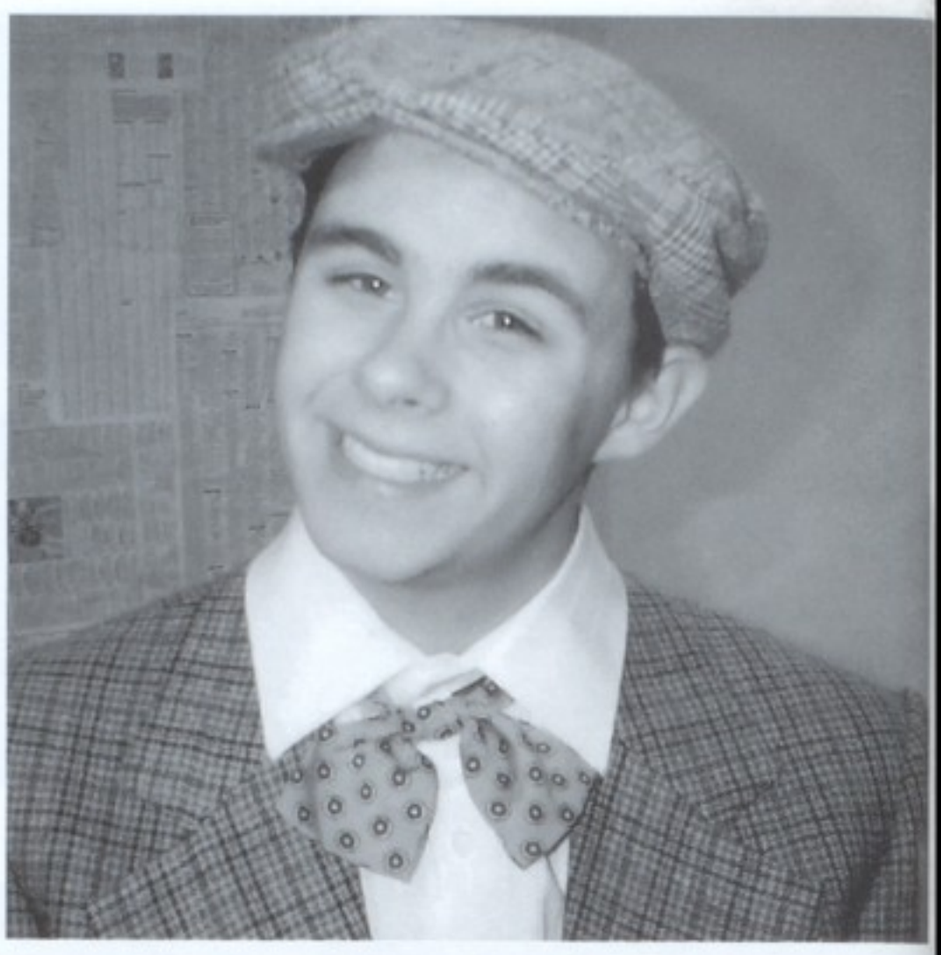
STUDENT PLAY



Brent Forbush

Each year in the Fall, Reed's wonderful drama department treats us to another special play. This year, we had the pleasure of sampling a less racey version of *Chicago*. A special thanks goes out every year to Mrs. Trish Pastore, the Director, and Mr. Sheldon Hahn, the back stage coordinator, for having made the production possible. Together with the talent of student back stage leadership, student directing, and student actors, the advisors worked to perfect the eventual success of the piece. Everyone worked in a spirit of team effort in order that the act be put together. All Drama Guild members who helped put on this play, no matter how small their part either on scene or behind the scenes, were equal in their importance to making *Chicago* an awsome success. This time around, we had one of the record making time constraints to produce a masterpiece--three weeks--living proof that true talent works best under pressure! This year, we had the extreme pleasure of being rewarded by our work with a standing ovation.



I ain't as dumb as I look! (Bud Perry)

She's got a face a movie queen would die for! (Melissa Roundtree)

I belong, I swear! (Katie Reed)

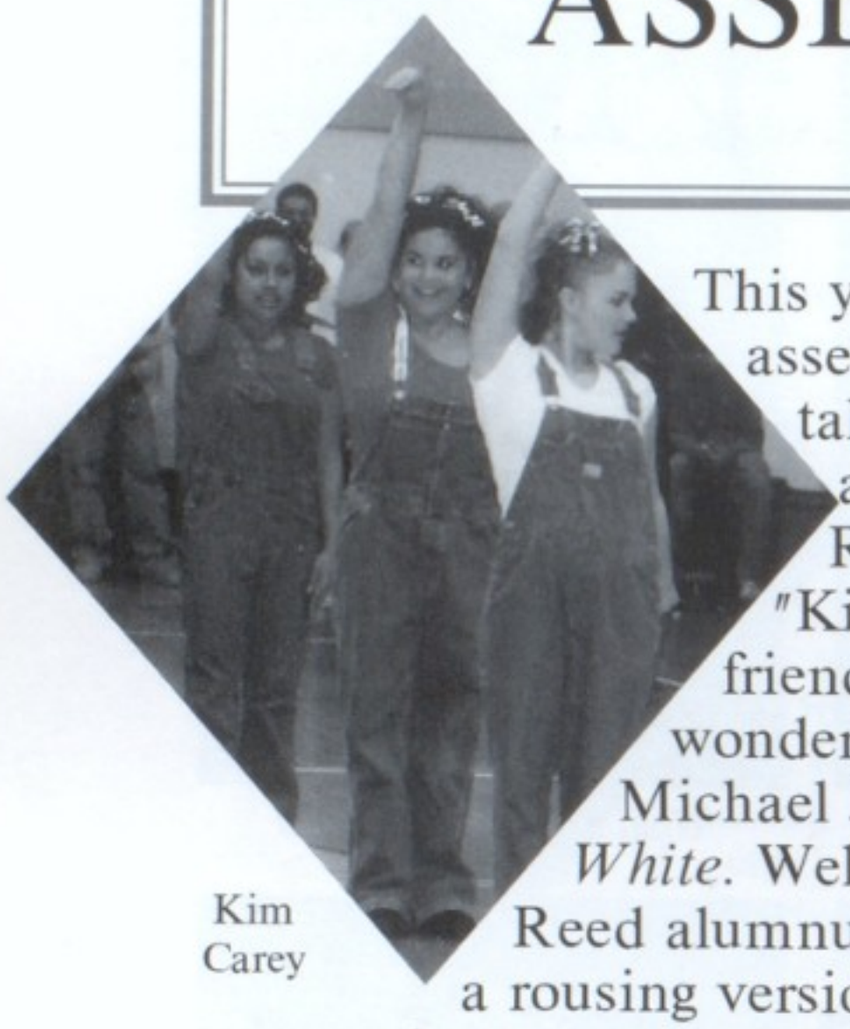
WINTER ASSEMBLY



Kim Carey

This year's Christmas assembly featured many talented young students and alumni from Reed High. Mirrain "Kito" Martinez and friends performed a wonderful lip sync to Michael Jackson's *Black & White*. Well known and loved Reed alumnus Desean Horne sang a rousing version of *Oh Holy Night* in the style of Aaron Nevin. Our awesome Assembly Commissioners, aka Santa, Mrs. Santa and the elves kept the assembly moving. Even more action was seen as the dance team, flag team, and cheerleaders performed with high spirits and talent. Gifts were presented for needy families and displayed the overall feeling of the holidays.

Are you ready for some classy moves? (Mirrain "Kito" Martinez, Victor Ortiz

Reed's community shares with the less fortunate! (Kacey Cox, Nikole Oroszi)

Thanks to the brains behind the assembly, the Assembly Commissioners. (Cassie Vanderbeek, Casey "Santa" Mc Cabe, Travis Bartek)

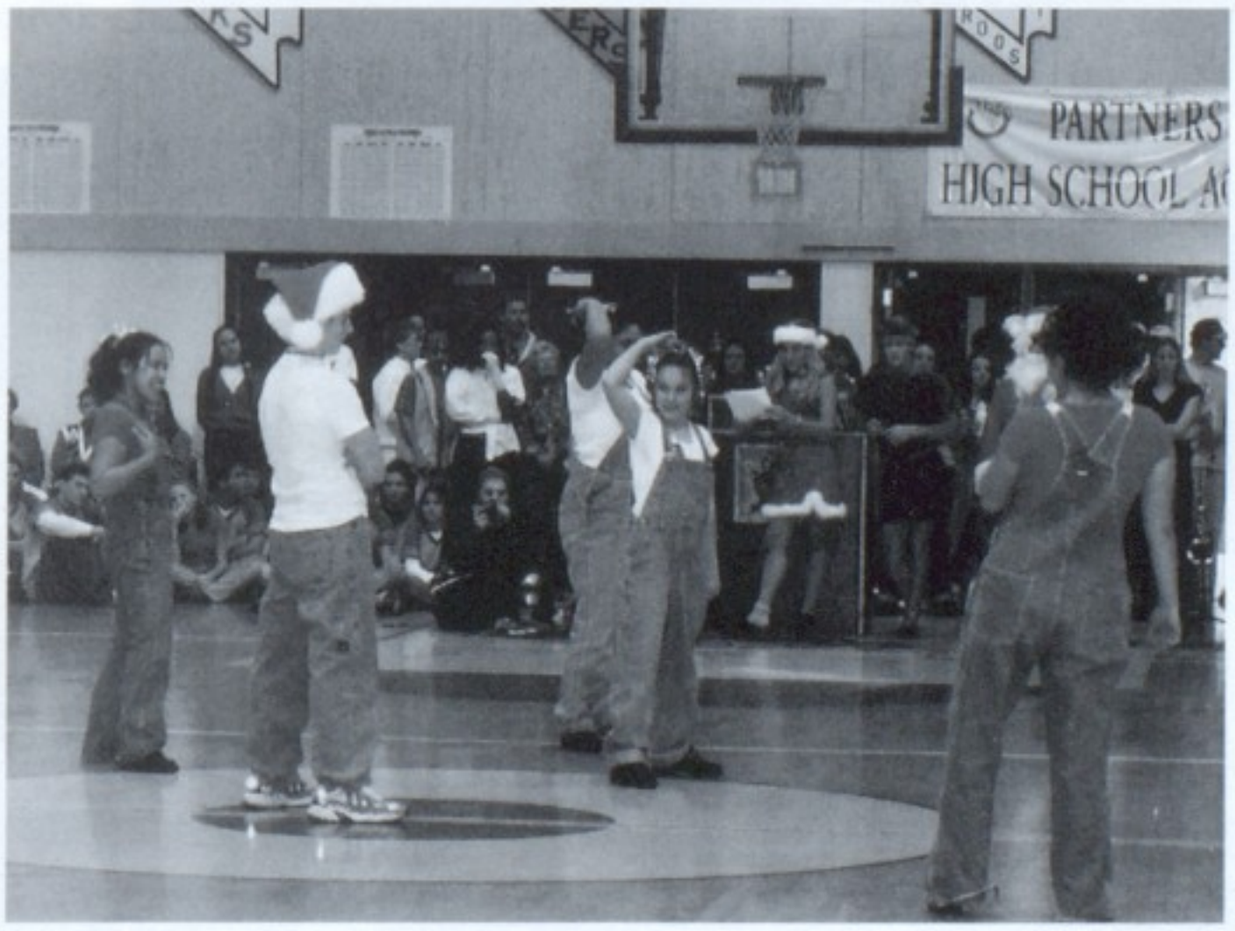
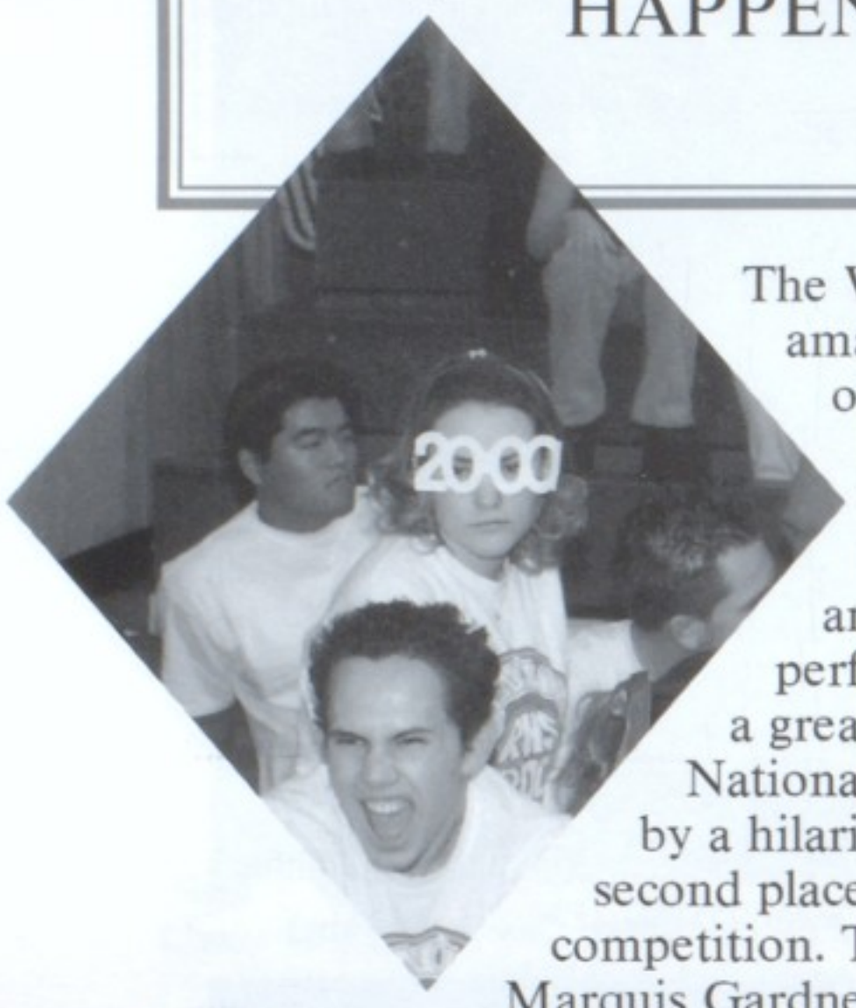
A leap of faith!
(Serena Proudfoot, Flag Team member)



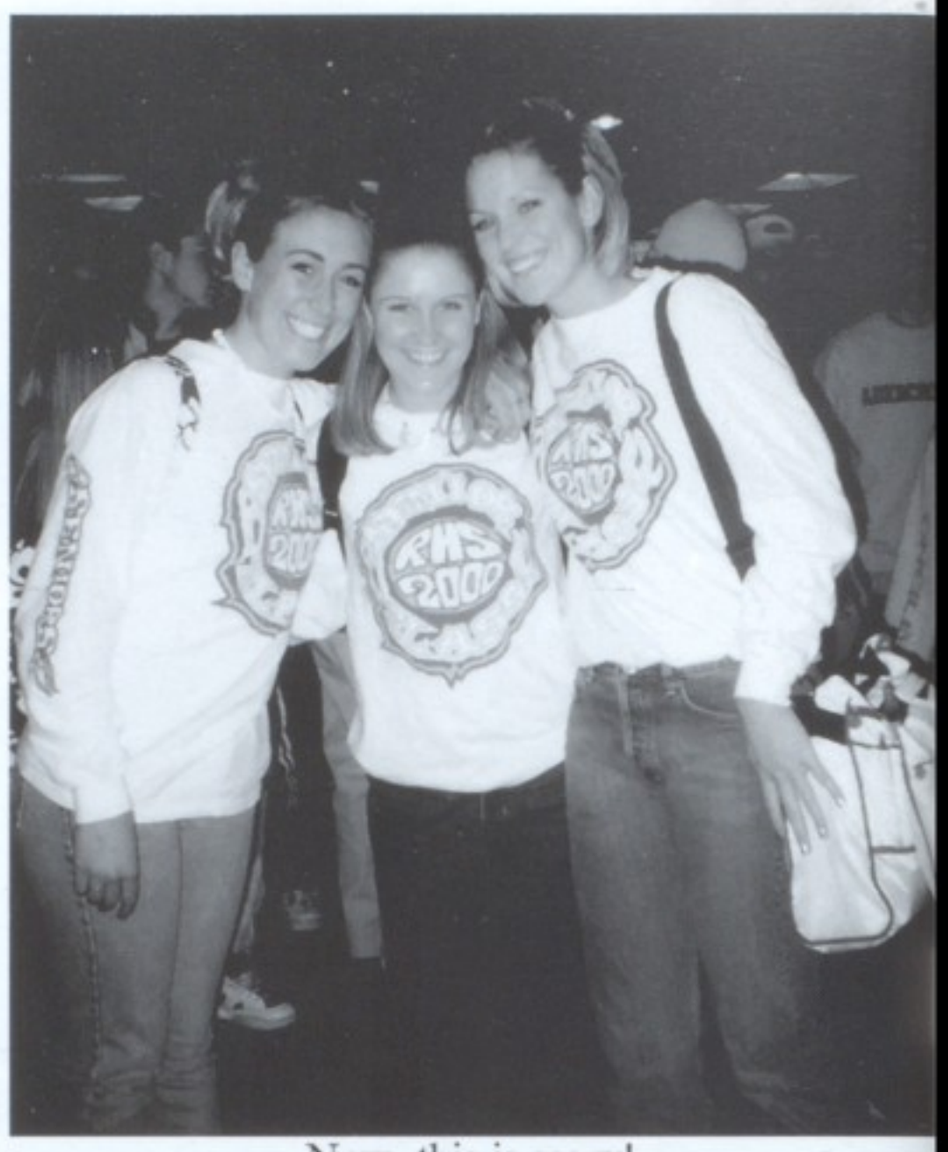
Dance team always lights up the crowd.

WINTERFEST HAPPENINGS

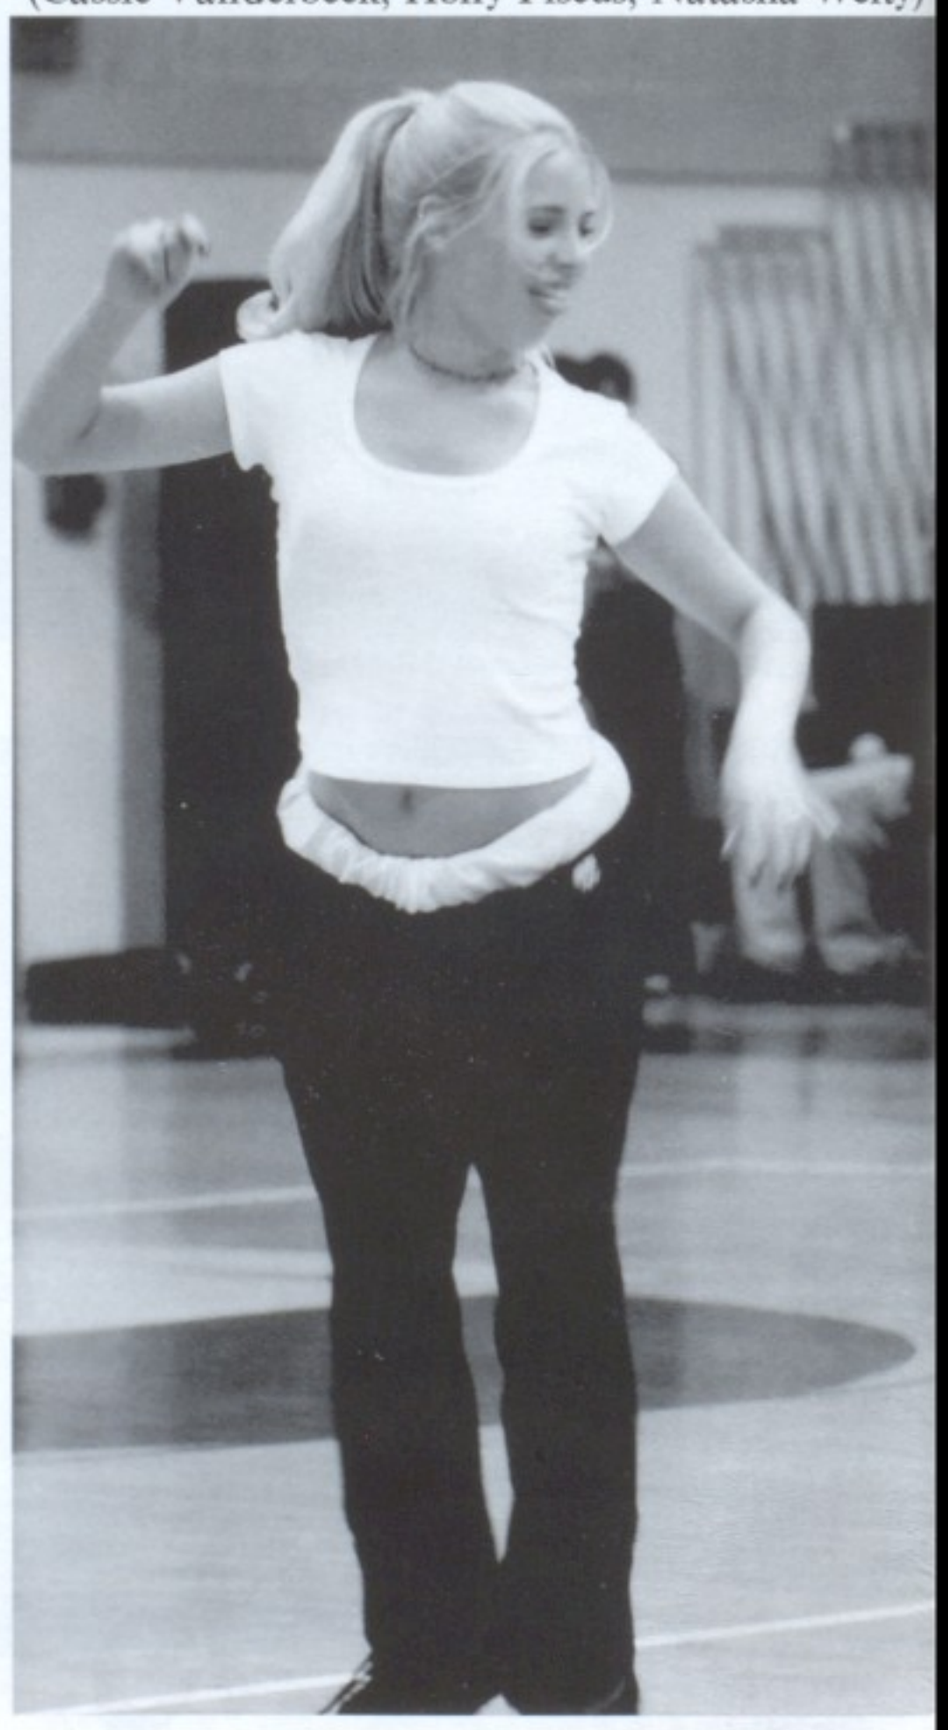


Kim Cox,
Shawn Frenza

The Winterfest activities were amazing--the most impressive of all was the assembly. Student organizations and groups from throughout the school came together and gave a stellar performance. Jessica Otto gave a great performance singing the National Anthem. This was followed by a hilarious performance by the second place winners in the Karaoke competition. The first place winner, Marquis Gardner, then performed her wonderful rendition that won her the $100 prize in the contest. Next, the NJROTC Drill Team with Arms performed for the first time in many year, showing their precision moves and marching style. The cheerleaders performed an amazing dance routine to Fat Boy Slim's *Rockafellarshank*. In addition to all of this, the award winning Intermezzo sang the second half of their swing medley. All in all, it was a great time for all of the performers, organizers and, of course, the audience.



Now, this is scary!
(Cassie Vanderbeek, Holly Fiscus, Natasha Welty)



Dance, baby, dance! (Lacy Barella)

Hold me! (Eric Kuiken, Cedric Anderson)

How did they find me? (Marcus Liem, Marquis Garndner)

What IS on that seat? (Principal Judith Counter)

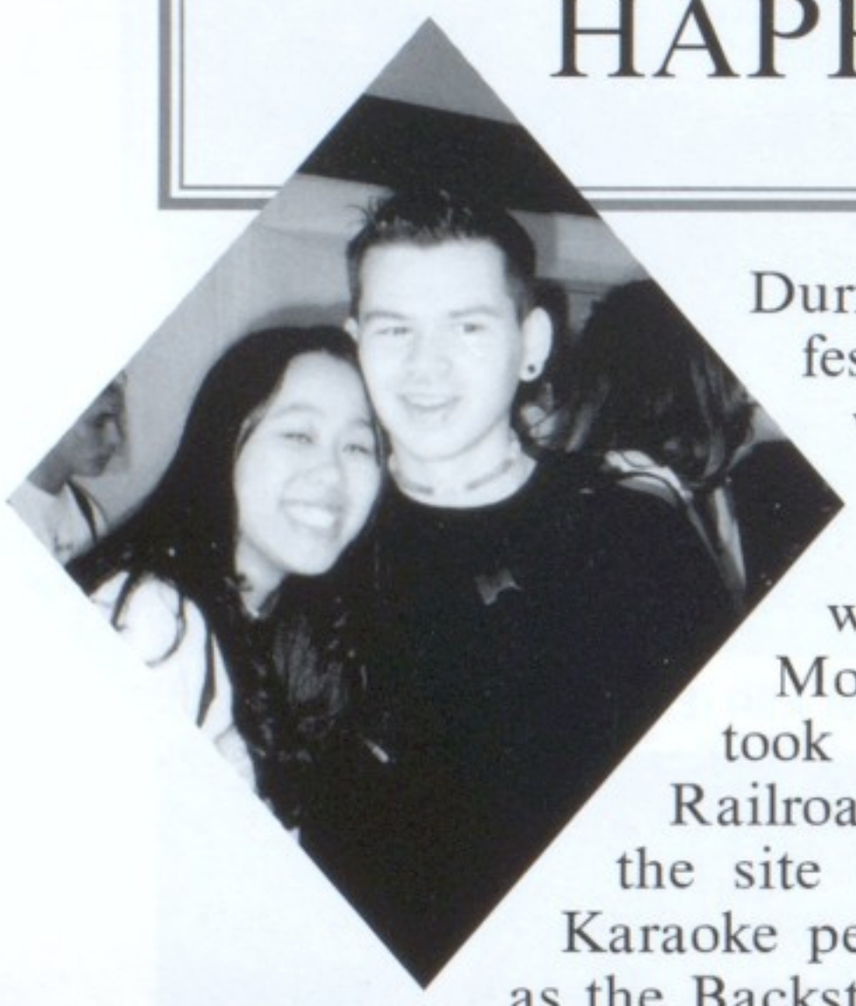
I'm so tired, I'm hyper! (Tiffany Elder, Camisha Lewis)

Who knows what line's next? (The Backstreet Boys)

Whoa, what's going on? (Drill Team with Arms)

UH, NO! (Elena Scire, Rebecca Holt)

WINTERFEST HAPPENINGS



Fanny Lee and Ian McIntosh

During this year's Winterfest, the week was full of wonderful and entertaining activities. We kicked off the week with hall decorating on Monday. Tuesday the girls took on the Railroaders on Railroader turf. Thursday was the site of Reed's first annual Karaoke performances. Stars such as the Backstreet Boys, Monica, and Britney Spears entertained a packed theater of students, parents and faculty. Friday was the big day with a spirit filled assembly and the coronation of the 2000 Winterfest King and Queen. The only dark spot on the day the Varsity team's loss to cross-town rival, the Sparks Railroaders.

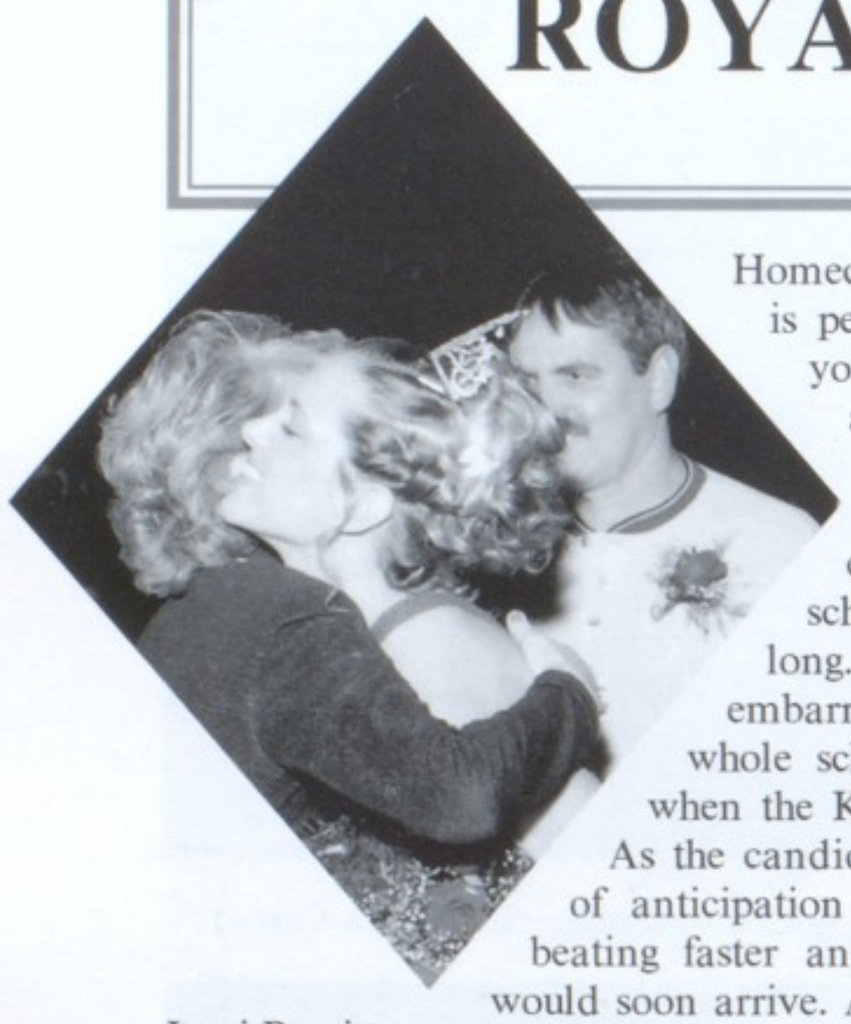
HOMECOMING ROYALTY



Jami Burritt,
Principal
Judith Counter

Homecoming Royalty. Being nominated is perhaps one of the greatest honors you can get. You're in the spotlight and everyone looks up to you. For years it had only been a Queen, but this year a King was also chosen. Nominees burst with school spirit and enthusiasm all week long. They played games and embarrassed themselves in front of the whole school. The basketball game was when the King and Queen were announced. As the candidates were standing around, looks of anticipation were in their eyes, their hearts beating faster and faster as the exciting moment would soon arrive. A voice comes on, the winners are announced, Trevor Moffat as King and Jami Burritt as Queen. Congratulations! A roar breaks from the crowd and the King and Queen are surrounded by applause. There was lights flashing, cameras snapping and people smiling. The excitement and smiles fill the air, this is a true Homecoming. Congratulations to the all the candidates and the new King and Queen!

Navy Ball

Shortly after school on January 28, 2000 the young men of the Reed High School's Naval Junior Reserve Officers Training Corps dusted off their service dress blue uniforms and the women put on their fanciest dresses and by 1800 hours (seven o'clock p.m.) were seated at the Bonanza Room of John Ascuaga's Nugget and the Second Annual Navy Ball was under way and off to a great start. The color guard presented the colors, the cake was wheeled in and the candidates were presented to the battalion and to the guests. The scene was set for a night of dinner and dancing.

During the meal, a total of five toasts were made; the most important and realistic of all given by Chief Robert Danz to all the fallen men and women of all the U.S. Armed forces. Reed's Principal Judith Counter was on hand to present the crown and sashes to the king and queen and their court of princes and princesses. After a fabulous dinner, the party really began. The DJ turned up the tunes and the dance partied on until midnight. In the words of Master Sergeant Kurt "Top" Stafford, "It was a wonderful evening of military tradition and just a plain old good time."

Two feet to the top. The thought of being so high up sends chills up your spine. Don't look down. You look anyways because the curiosity is killing you. Finally, you reach the top! This is the thrill that the club members feel each time they climb. Each week these talented go-getters go to Rocksport to strut their stuff. Reed Rocks also travels everywhere to climb on Mother Earth's natural wonders. You guys rock!!

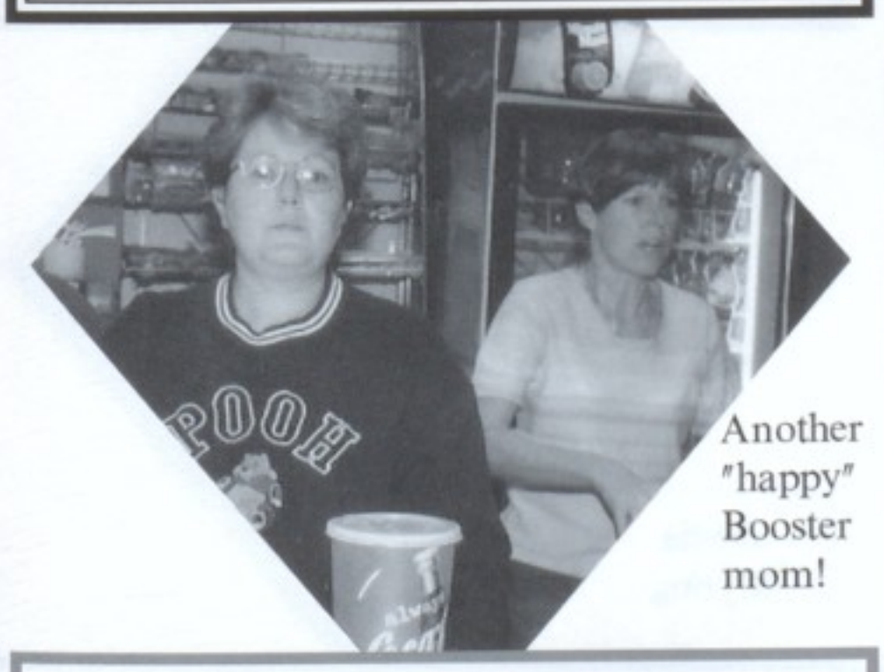
Boosters Club



Another "happy" Booster mom!

Our Booster's Club has always been a driving force behind the athletics programs. They can be seen from bar-be-quing hamburgers at football games to helping out in the concession stands in the gym foyer. They raise money for our programs by their dedicated volunteer time. We thank them all for the countless hours they spend on our behalf.

Speech & Debate

I need some 7-UP!

Although talkative and productively argumentive, the Speech and Debate members are traditionally camera shy. Their actions speak for themselves, literally, as they argue their way through competitions representing Reed to the highest capabilities. This year the class was taught and the organization advised by English teacher Andrea Petre. Our thanks to all of the members of this team.

Am I in the bowling alley?

Crash! Pow! Laughter sprinkles the air. The Reed High Bowling League gears up to have fun every Wednesday at the High Sierra Lanes. There are potential "pro" players lurking at every corner. There isn't any competition, it's just good wholesome fun. The dedication of the advisors has been what's kept the club going for years now. This is an excellent way to meet new friends and try new things.

RADA

Kevin Priest, Laura Acres, Robin Hill

Do you think "everyone" does drugs and alcohol? Get involved in RADA and we'll prove you wrong! Raiders Against Drugs and Alcohol is fun and dedicated to educating you about the dangers of drugs. They are striving for a drug-free America and that starts in your own school. This club encourages you to become and stay poison free. Get involved, take a stand, and show some school spirit!

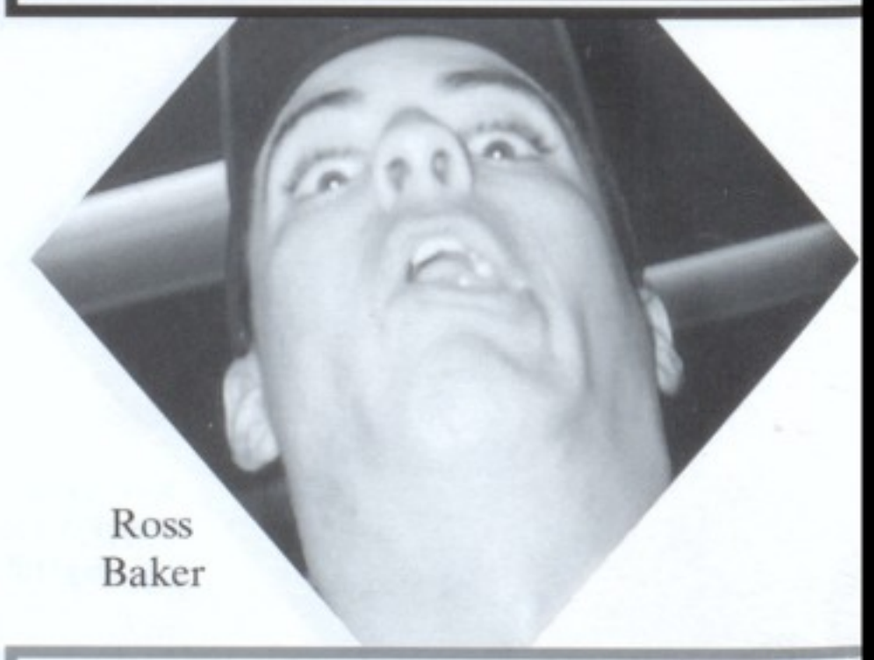
ACADEMIC OLYMPICS



Ross Baker

Academic Olympics or AO as it is sometimes referred to as, is a club for juniors and seniors only. In order to be in this club, you have to take a series of tests in math, science, social studies and English. So naturally, you have a teacher from each subject to coach you. They meet twice a week to prepare themselves for competitions. Every year these high achievers seem to be doing better. Go AO!

Mental telepathy at its best.

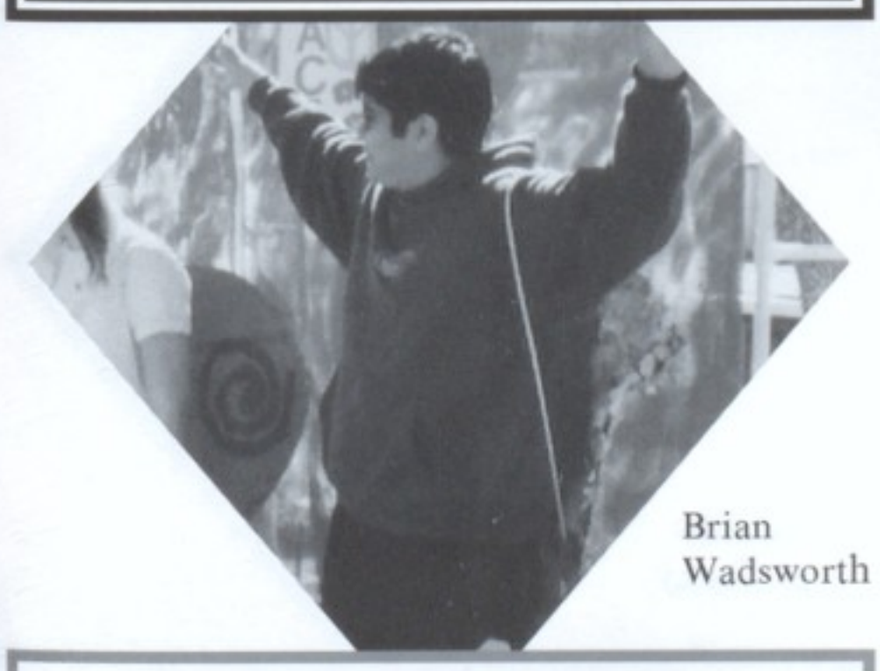
ODYSSEY OF THE MIND



Brian Wadsworth

OM is a group of people who are creatively bonded together to solve problems. They try to make human powered devices, act out skits, and so on. Genius isn't required to be in this club--just your thirst for fun, excitement, and the thrill of making new friends is enough. Each year OM has regional, state, and world competitions to show off their stuff. Don't you wish you would've joined?

This is a Government class based upon the Constitution of the United States. Students enrolled are to study for the first semester of the year, and then the second semester is focused on competitions. In these contests, students are to prepare three questions. One will be chosen by the judges, and a four minute presentation ensues. Then six minutes of cross examination explores real comprehension on the students' part.

In the new Millennium, Reed's talented voices were as involved as ever, bringing the joy of song into our hearts. This year, Concert Choir and Intermezzo were joined by yet another specialized choir, the Womens' Chorus. During the holidays, all three groups sang for the community. This season, a half-hour program on Channel 4 was dedicated to the Woman's Chorus! Kudos to director, John Lorenzen!

I'm picking up good vibrations.

The Drama guild is one of Reed High's most extraordinary clubs. Not only does it disperse knowledge of play auditions to its members but it also takes its members out on club trips to local theater productions. They meet once or twice a month to discuss their upcoming events and to sign up for certain positions pertaining to the plays. Not only do you make life time friends but you also gain knowledge of thespianism.

Members of the Student Council develop and organize all of the activities that keep our student life running on a positive, meaningful road to success. Reed has always been proud of the Homecoming events, talent and Lip Sync shows, community service events such as the blood drive and items for the needy, and lively decorations for the seasons in the halls.

Elections are held each spring for the upcoming year--that includes student body officers and all of the class officers except for the incoming freshman class. The latter is held in the fall allowing the new freshmen the time to know each other and chose the best for the class officers. Take the time to offer your services as a commissioner or to run for office. Be a part of Reed's great life in the community.

Depoli

The traditional shows put on by the Reed High School Marching Band have always brought the crowd to its feet. From football games to community parades, the band exemplifies the true dedication and spirit of the Raider community. It takes skill and much extra time to be a band member. Each and every student, faculty member, and band booster parent involved should be congratulated for their efforts.

Thank heavens I don't have to pack these around while I'm marching! (Karen Auyeung)

Band/ Flag Team

Kelly Bergman

The Flag Team adds another dimension to the band performances with their colorful costumes and routines. Many of our Flag Team girls have gone on to be a part of the UNR Pride of the Sierra marching band. This group practices many hours in front of the school late into the evening before joining the band for production practices.

Sweet rewards!

It's more than just a mark on your name in the Graduation Program. Honor Society is a true honor for those who are inducted. Not only must they have outstanding grades, they must have dedication to service to the school and to the community. This group has, among other things, assisted elementary students in their reading, has collected items for the needy, and has served as student mentors to their peers.

VARSITY FOOTBALL

The 1999 Raider Varsity Football team finished the season with an overall record of 8-3. Their 3 win and 2 loss effort was good enough for a 3rd place Division I finish and, for the third consecutive year under Coach Parry's reign, the Raiders qualified for the Northern Zone Playoffs where they finished as a semi-finalist. The '99 season marked the second consecutive year that the Raiders advanced to the Northern Zone Semi-Finals. The season also marked the third consecutive year the Raiders have beaten their cross town rivals, the Sparks Railroaders, and keeps the Sparks Mayor's Trophy in the Raider trophy case for another year.

CROSS COUNTRY

The Reed Boys' team had several new faces this year. We had only two Varsity and JV returners from our 1998 team. The additions were greatly needed and actually improved on last year's Zone finish with a mostly inexperienced team. Next year's team should be even stronger with a core of young runners to lead the way.

Our top finisher at Zone was Senior Tim Mutua, who missed competing in State by one position. Other seniors included Michael Thompson, Michael Cheung, Stanley Fong, and Matt Herald.

Merridy Young, the girls' top finisher, led the young squad with a 10th place finish at Zone which qualified her for State. Young and fellow senior Rachael Sanchez were the only seniors on the team. Coach Lynn Mentzer feels that next year's hopes will lie with Sarah Bajenski, Nicole Johnson, Erin Sparks, and Camille Vidrine.

VARSITY BOYS SOCCER

A great season! The Varsity Boys team came out and played. Winning Twelve great games got them into the semi-finals. "We had a good year, although it didn't end the way we planned," said Senior Captain, Dave Stevenson.

Although eight Seniors, Travis Bartek, Peter Fleischman, Josh Harris, Mirrain "Kito" Martinez, Raul Martinez, Chris Russel, Eric Schwarzrock, and William David Stevenson, are not going to be with us next year, they helped to rebuild this Varsity Boys' Team, and Reed's program. We'd like to thank all the seniors for their heart and dedication. We'll miss you all!

VARSITY GIRLS' SOCCER

The Reed Girls' Varsity Soccer had an outstanding season, despite the results in Zone Playoffs. This season was, by far, the best season that Reed Girls Soccer had ever had. They finished off the season first in their division, and with a final record of 12 wins, 4 ties, and only 2 losses, on of which was during the Zone Playoffs.

We would like to congradulate Sherika Hardaway for making Division I First Team for forwards, Sierra Malan, Division I First Team for mid-field, Sarah Sydenham, Division I Second Team for defense, Monica Thompson, Division I Second Team for mid-field, and Jen Marvis for Goalkeeper and Defensive Player of the Year.

We would like to thank Christine Damon, Ali McCoy, Alex Rosa, Kira Bush, and Krista Williams, for your heart and dedication. You will all be missed.

VARSITY VOLLEYBALL

This year's team got off to a strong start and then struggled against some very strong teams. The Raiders were led by Senior Captains, Julie Borom, Corrine Ceresola, and Natasha Welty. Unfortunately, the team pulled first seed Fallon (who finished as State Champions 1999) for the first round of Zone. The team will lose six Seniors this year. Expectations are high for this year's Juniors and Junior Varsity Squad.

Natasha Welty received First Team Division I and Second Team All Conference titles for 1999; she was also named the team's Most Valuable Player. Julie Borom received Second Team Division I honors, and the Coaches Award, along with Corry Saiz. Corrine Ceresola made the Academic All Conference Team, and Erin O'Connell was the team's Most Improved Player.

VARSITY GIRLS' GOLF

This year's season was a building one for theis team. Twenty one girls showed up and wanted to play golf, and play golf they did. They all got to know each other and developed their golfing skills so they will be ready to tackle the challenges of next year's schedule.

We had one qualifier, Kaitlyn Boyle, for State down in Las Vegas. She shot a 90 at Zone to qualify in the 5th and final spot as an individual for state. Kaitlyn, along with Brittni Christiansen and Jill Lauderdale all made the AAAA All Conference Team. Brittni and Jill made 2nd Team All Conference, and Kaitlyn made 3rd Team All Conference.

We finished 2nd in All State Academics with a 3.58 GPA, and with Kaitlyn Boyle, Brittni Christiansen, Diane Edmonds, Erin Elliott, Elena Hawley, Jill Lauderdale, and Laura Wood all achieving 4.0s.

With only one Senior, Kaitlyn Boyle, this young team will be ready for next year, lead by Brittni Christiansen and Jill Lauderdale. Congratulations on a wonderful season ladies!

VARSITY BOYS' TENNIS

This year was a rebuilding year for Boys' Tennis. With eight of the twelve players new to the team, things started out slowly. We won two of our last three matches and qualified six players. for the Zone Tournament. Nick Morton finished fourth in the Zone Tournament and competed in the State Tournament in Las Vegas. With eight players coming back next year, the team should be back on track to compete for the Zone Playoffs.

VARSITY GIRLS' TENNIS

This year was tight! We worked so hard to accomplish what we did. We finished with the best season in Reed High history. We improved our record from last year by 101%. We went into every match with a positive attitude and tons of confidence! Our team grew closer over the course of our matches, we pumped each other up and we always listened to each others problems. I know that all of the Seniors are sad to be leaving and we wish the best for all of the following years; so, good luck! This year was the bomb! Thanks girls, we did it!

JV FOOTBALL

The team record is something more than that which is entered in the win-loss collumn. What you don't see are those student-athletes who work hard and dedicate themselves to improving their skills and strengthening their bodies.

There is a source of pride for everyone connected with this team. This was a team made up of individuals with different tastes and talents Who pulled together as one, who worked as one, who gave everything they had individually for the team as a whole.

This is the record we are proud of.

JV VOLLEYBALL

The JV team this year included 10 returning members from last year's Freshmen team and one newcomer. The team worked well together and had a very successful season. As a team, they improved their level of play considerably by adding a quicker offense and a more solid defense.

Team captains were commanding setter, Keeli Welty, who has the team's Most Valuable Player, and dominating outside hitter, Whitney Smith, who received the Coach's Award. Kelly Pierce and Beth Robbins were named the team's Most Improved Players.

The team made great strides in it's attacking abilities due to a number of outstanding hitters. Middle hitters Megan Aguayo and Bethany Smith made a big impact on the Raider's offense this season, as well as outside hitters Sarah Slater and Amanda Chaney.

The team's defense was led by backrow specialists Lisa Harvey and Kelly Pierce who passed many a perfect rainbow during the year. Allie Eckert, Mari Demers and Beth Robbins all proved to be multi-talented players who could, and did, play any position on the court.

The team's biggest strengths were their wonderful attitudes, their athletic ability, and their depth of great players. Their greatest accomplishments of the season included a scrappy second game win against Galena, despite a very weakened bench, double wins against all the other conference teams, and a successful waxing of the Freshmen team with whipped cream.

The JV team also took 2nd place at the Sparks Invitational this year.

FRESHMAN VOLLEYBALL

This year's Freshman Volleyball team showed the rest of Northern Nevada that the Lady Raiders will be a team to reckon with in the future. Though their record didn't show, it this team was never out of a game. First year coach Eric Lopez was very impressed with the progress that the team showed. "They came into the gym not knowing anything about the game. They worked hard on their skills and by the end of the season were a strong, well rounded team."

Look for this team to keep improving in the coming years and be a very competitive team that will be successful.

VARSITY BOY'S B-BALL

The 1999-2000 boys' varsity basketball team battled through a season that saw six different players miss a significant portion of the season. Even with these challenges, the team still managed to finish second in the Nugget-Rail City Tournament that featured the #2 ranked team from Sacramento, Ponderosa High School. This year's varsity team also won the consolation at the "Hoops on the Hill" tournament, and lost a close game to the #3 ranked Kennedy High School from Sacramento at the "Capitol Classic Tournament".

The highlights of the season included wins against ranked teams from Nevada, #4 McQueen High School, and #10 Elko High School on their home courts.

Captains, Trevor Moffat and Dustin Gray, were honored by the league coaches for their play by being named to the all-league team. Leading scorer, Teddy Stolpman, who had his season shortened by injury, was named "Player of the Week" by Channel 4's "Hometown Hoops". Ethan Milyko came close to tying the school single game 3-point record in the upset win against Elko. Brett Hall was a force in the key for the varsity, Lamar Lee recovered from early season knee surgery to help late in the season and senior Mike Forman was a season long contributor.

The Reed Varsity Team will return 7 underclassmen next year including a freshman and a sophomore.

VARSITY GIRLS' B-BALL

This year's season was like being on a roller coaster. We had some ups and we had some downs. The team was very young, consisting of five sophomores, five juniors, and three seniors. We came within points of making the Zone Tournament, however, for the first time in three years the Lady Raiders defeated Elko. The girls swept their rival Sparks and split with Lowry, who went on to place third in Zone. The Reed Lady Raiders were a fun team to watch this year with Tinishia Johnson and Sherika Hardaway using thier speed and athleticism to trap unsuspecting guards. Misty Nguyen and Whitney Smith ran a game winning play against Sparks with Whitney driving to the hoop and dishing the Misty for the "three"!!!

We were also a small team; the tallest player was 5'9". That did not stop Amanda Chaney (5'7") and Megan O'Connor (5'6") who had the assignment of guarding the six footers around the league. Megan had to guard Bridgette Williams of Sparks who was 6'4"; she stole the ball from her twice on just lobs! I am sure Bridgette came away from that game feeling beat up!!! Speaking of beat up, Diane Edmonds, Mandy Herald, and Kellie Harry missed most of the season with knee injuries, while Alana Espiritu and Melissa Kunkel suffered ankle sprains to keep them out for a little while. Hopefully, they will al recover full and be back on the court soon. Good luck to the seniors, Kellie Harry, Heather Manalo, and J'Cee Tagudin Lawson. Watch our next year!!!!!

WRESTLING

The 1999-2000 wrestling season saw us start the year with over 40 kids. This was our most successful year in my 3 years at Reed. We were more competitive in our duals, and in tournaments, even though the scores didn't show it. We only qualified one athlete for State, Anthony Millsap, with only graduating one senior from the team. Next year should be our year!

Other top places at zone: 3rd-Anthony Millsap (152 lbs); 5th-Erik Tanayo (Heavyweight); 6th-Jessie Woodruff (112 lbs); 6th-Quintin Quiggle (135 lbs); 6th- Nick Leveaux (160 lbs). State-5th-Anthony Millsap (152 lbs).

SKI TEAM

What a year this has been! New coach, not enough snow, then too much snow, nothing really went in our favor. Even though this was somewhat of a rebuilding year, we're excited for what's in store for us next year.

At the State Finals at Mt. Rose East Bowl (Slide Mountain), Trina Meredith placed 17th in the Giant Slalom for girls, Carly Gurinskas placed 18th in the Giant Slalom for girls, and Tommy Nyhammer placed 15th in the Giant Slalom for boys.

We look foward to Mother Nature being on our side next year. Karen LeFebre will be a "veteran" coach, and she'll have a better perspective on how to run this team well.

We are cheeseballs!

RIFLE TEAM

Both a school varsity sport and a Navy JROTC team, Reed's Rifle Team is all about marksmanship. This is not plinking cans or shooting pigeons--it is self control. For this most difficult of sports, discipline is a must. Even a simple breath can mean the difference between a bull and a zero. One is not to look at the target, but at the front gun site. The goal is not to hit the bull, but to group three shots so close together that a dime can cover the holes. Once this "grouping' is attained, only the position of the site must be adjusted in order to get within closer proximity of the bull. Our team shoots in three positions--Prone (laying down), Kneeling (duh!), and Offhand (standing up). The competitions are shot at Reed in our very own rifle range. Then, we mail our scores for comparison to the opposing school. This year, the Navy JROTC rifle team had the opportunity to compete in two shoulder to shoulder matches, one in Carson City, and one in Bend, Oregon. In Oregon, they were treated to immense portions of fast food and a comfortable sleep on the gym floor, all after a thirteen hour bus ride up there! Hurray for Oregon! Special recognition goes to the team's captain, Jannal Kreller, who has been the top shot of Reed High School-- two years running. Exceptional kudos go out to the team's motivation and essence--- the iron hand of Coach Kurt "Top" Stafford.

GIRLS' B-BALL

The Junior Varsity team finished with a record of 8-12 for the 1999-2000 season. The record itself tells little of the incredible progress that was made in such a short period of time. Four of the 12 losses were by 4 or fewer points. In the beginning we lost to Galena by 29 points, but by the end of the season, we lost by points 4 points in overtime. This seems to demonstrate the strength and improvement that took place this season.

I know you're not trying to get around me!

Come here ball!

The Boys' and Girls' Swim Team improved greatly this year. There were a lot of incoming freshmen with great potential. Everyone had positive attitudes about swimming and got along great with each other. This year the team had more support for each other and we as a team had a lot of fun this season.

"Krazy" freshman, Jalisa Kuykendall, was a great asset to one of the varsity girls' relays along with "Super Star" Catherine Connel, "Studly" Summer Foster, "Water" Melanie Berg. Also, the guys' relays were a success with the following swimmers: "Torpedo" Scott Kaufmann, "Speedy" Mike Soracco, "Bullet" Dan Soracco and "Lighting" Rick Johnson.

Seniors Catherine Connel, Mike Soracco and Melanie Berg were captains as well as friends to other swimmers. Every swimmer has contributed a major part to the team, next year we hope to see the team succeed like this. Returning swimmers such as Jalisa Kuykendall, Dan Soracco, Corry Saiz, Summer Foster and our future Olympian, who scored a great amount for the team, Scott Kaufmann.

TRACK & FIELD

Track and Field has been a dominant force in Reed High School's history and should continue this year as well. Last season the girls' team won the Big Three--Division, Zone and State. The boys followed with two of the three, winning Division and Zone, but falling short in State due to injuries of key athletes.

This year, both teams continued in their quest for excellence. Led by returning State Champion in the 800 meter run, senior Cherokee Osborne, the girls featured incredible junior runner Tinishia Johnson (2nd in the California Championships in the Triple Jump and 3rd in the Long Jump), junior Amber Nolte who was ranked 5th in the United States (as of March 1) in the pole vault with a 12' leap as well as being an outstanding hurdler, junior Sherika Hardaway in the 200 meter and 400 meter, senior Erika Onyeagbako in the discus and shot put, and distance runners junior Nicole Johnson and senior Merridy Young. These girls were supported by a great number of equally dedicated young athletes and have upcoming seniors with great experience.

The boys' team was led by seniors Matt Herald in the hurdles as well as the pole vault, and Ray Brown in the Long Jump as well as the hurdle events. Brown returned to top form after his broken arm kept him out of State last year. Other major contributors to the team were senior Tim Mutua in the 1600 and 3200, junior Ray Serrano who has broken 14' in the pole vault, junior Walter Tran in the shot put, and junior Peter Spence in the 400 meter run. As with the girls' team, the boys' team had a solid foundation of young, dedicated competitors, many with great experience for the upcoming year.

Head Coach Dave Nolte commented, "We can run any time in any of the relays and win. We have the runners--it just depends on the day." Nolte's philosophy of dedication pays off and once again Reed High School can look up with pride to its outstanding Track and Field program.

Still Can't Believe

We miss you and we love you.
As for myself, I can't stop thinking of you.
Now it's been almost more than a year,
I still can't believe you're not here.
Making us laugh, and now we cry;
I never will understand why.
I guess God needed you for a special task,
Probably just to make him laugh.
I love you and miss you bro,
And wish you didn't have to go.
Life goes on although it's hard,
I simply pray your spirit doesn't go far.
I can remember all the times we had,
And know you wouldn't want to see me sad.
So I'll live as you always did,
Making great jokes and just being a crazy kid.

Thank you, for everything Kenny.
Love Nick

KENNY KIRKER

1982 - 1998

Thank You

Jotting five years of history,
is a tough thing for me to do.
But nothing can be tougher
than saying good-bye to you.
You were my first and only friend,
when I moved into the neighborhood.
I never felt lonely because when no one
reached out for me you always would.
We have shared many goals,
memories and dreams.
I have trouble realizing you're gone,
through my eyes things are not what they seem.
You were always a happy person,
no matter where you went.
Thanks you for such a wonderful friendship
and for all the great times we've spent.
You were always an outgoing guy
and a very hard worker.
No matter how far away you may be,
I'll hold you close in my heart.

From 2 days to nine years to young adult,
you have truly been sent from heaven
and you will always be
your daddy's little girl.
No one can ever live up
to the level of greatness
to take Daddy's little girl away.
Kristin, you have just passed from

Don't forget the little girl inside you.
She shouldn't get buried
beneath a heap of adult stuff.
That little girl is and always will be
Daddy's.
I love you, Kristin
I'm proud to be your Dad!

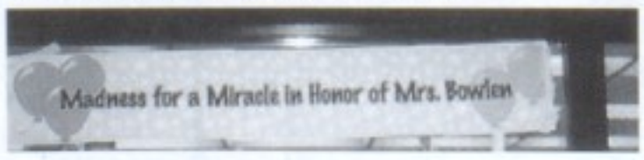
Principal Judith Counter came with flat hair and lack of make-up while Vice Principal Al Babb had a close shave!

Al Babb before the shave...

...and with Student Council adviser Sasha Neumann.

It's been a sad year this year for students and friends of Kim Bowlen who was cut from our lives by the ravages of cancer at such a young age. The students and faculty of Reed High School, spearheaded by juniors Monica Macaluso and Alexis Hill, organized and participated in a money raising event--Madness for a Miracle--and as of early March had raised over $2700. Staff members volunteered their "services" including Principal Judith Counter's not wearing make-up and having her hair flat, Vice Principal Al Babb shaving his head, Monet Paputisidis eating an Escargot pie, Abby Kirst kissing a pig, Kendra Cerfoglio eating a jar of hot chilis, and many more, if a certain goal was met. These activities took place in the Main Hall during Nutrition Break on various days in March, thus March madness came true at Reed. Thanks to all who participated.



Special Ed. teachers Gina Pullin and Tina Sebring donated hair for wigs for cancer patients.

What On Earth Happened?

Super Stock

The world spent much of the past thousand years making some pretty amazing history. As the millennium began, Druids practiced dark rituals, while the Byzantine Empire dominated Eastern Europe. Conqueror Genghis Khan put the Mongols on the map in the 1200s, and the Great Wall protected China against would-be invaders.

The Middle Ages, though plagued by feudalism, heralded gallant knights and the governing ideals of the Magna Carta. The Renaissance and The Enlightenment both saw great achievements in art, science and exploration, followed by Romantic and Revolutionary periods in France and colonial America.

As industry and capitalism grew, so did Communism in the Soviet Union and beyond. The World Wars and other 20th century conflicts brought struggles for power amid vast advancements in communications and technology.

AP/Wide World

History's movers and shakers included Joan of Arc, the teenager who led France to victory against England in 1429, and Martin Luther whose religious reforms shocked the 16th century. King Henry VIII of England kept his head while several of his spouses lost theirs. Sir Winston Churchill helped England stand courageously against Nazi Germany. One recent hero is Nelson Mandela, South Africa's first black president and anti-apartheid activist. Time marches on...and the next chapter is already being written.

AP/Wide World

And The Wall Came Tumbling Down

In 1961, the Berlin Wall was erected to prevent residents of Communist East Berlin, Germany, from fleeing to non-Communist West Berlin for a better way of life. In 1989, the East Germans opened the Wall, lifted immigration restrictions and reunited Germany. Tearing down the Wall symbolized the end of the Cold War, which started when the Soviet Union created "Iron Curtain" countries isolated from the Western world. In the '50s, fear of communism in the United States resulted in the "Red Scare."

...With A Star On Top

The Christmas tree began as an evergreen decorated with apples, symbolizing Eden in a December medieval German play. By the 1600s, trees in German homes were trimmed with candles, fruits and cookies. Currently, Christmas is a multi-billion dollar business with wreaths, mistletoe, stockings, movies, outdoor decorations and cards.

In A Flash, A-Bomb Creates Nuclear Age

On August 6, 1945, a U.S. plane, the Enola Gay, dropped an atomic bomb on Hiroshima, Japan, annihilating the city and nearly 130,000 of its citizens. Japan surrendered soon after, ending World War II. Because of Japan's attack on Pearl Harbor, resulting in America's participation in the war, and the Holocaust atrocities perpetrated by Adolf Hitler's Nazi Germany, the destructive effects of World War II would live in infamy.

Crusading Towards The Holy Land

When Muslims took control of the Holy Land during the Middle Ages, Christians from Western Europe vowed to recapture the area. Nine major Crusades were organized with kings, nobles, peasants, and even children taking part. None was successful. Holy wars have continued to rage in such places as the Middle East, including the Six-Day War between Israel and Egypt in1967.

Where would the Ty-D-Bowl Man and bathroom libraries be without the flush toilet? After septic tanks and modern sewage systems were improved, civilizations significantly reduced the risks of severe illnesses and epidemics which were so common during the Middle Ages. Stare And Stare Alike

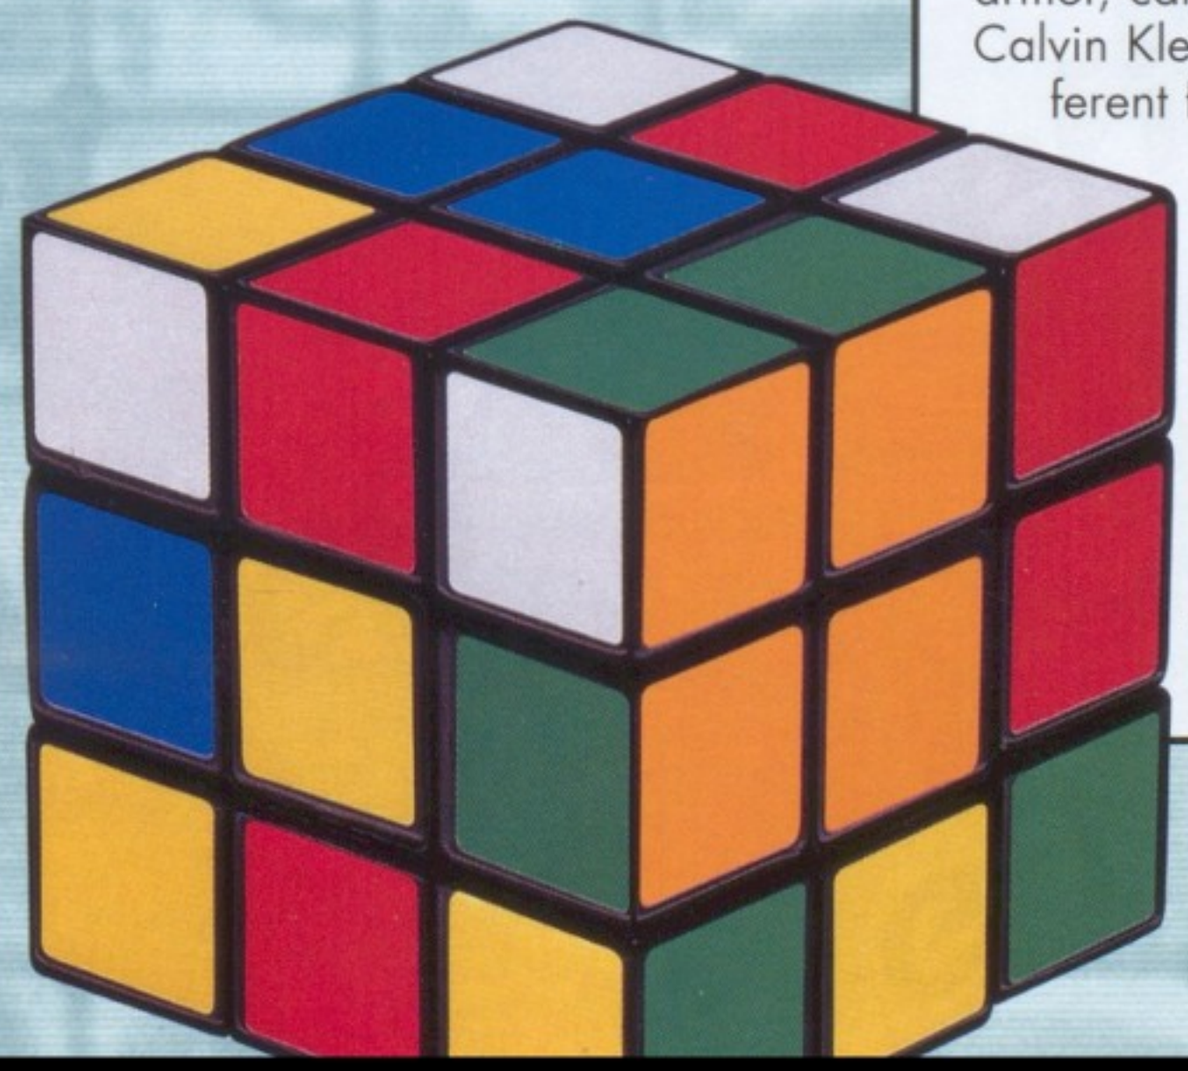
The 3-D thrill of the Viewmaster was love at first sight. Then along came Magic Eye, random dot stereograms that revealed 3-D images hidden in colorful graphics with holograms that practically jumped out. Life had become a virtual reality.

As The Rubik Turns

More than 200 million people twisted their way to the 3-D solution of the Rubik's Cube puzzle in the '80s. Some tried memorizing the cube's configuration while it was still in the package. Preoccupation with puzzles dates back to the first jigsaw puzzles in the 18th century. The world is still trying to solve crosswords, word searches, "*Where's Waldo?*" and other brain-busting challenges.



That's Pretty Fad-tastic!

Leaders. Followers. The millennium caught every generation a bit off-guard, but folks quickly had the lingo and the look down. When Elizabethan life got ruffled around the collar, everyone copied. Then poof! Powdered wigs, some several feet high, got nobles noticed in the 17th century. How about wooden teeth in Washington's time? By George, it beat having none at all!

As the years passed, women wore the bustle and disco freaks did the Hustle. The '50s poodle skirts bred '70s dog tags, '80s spiked dog collars and '90s Old Navy mutts. Who knew there'd be just as much fur-vor over Davy Crockett coonskin caps in the '50s as with raccoon coats in the '20s?

While some slipped on shining armor, carefree flapper dresses and Calvin Klein jeans, others followed different fads. Joysticks maneuvered Pac-Man into the arcade hall of fame. Suddenly everyone cared for Pet Rocks, squeezed into phone booths, pounced on Pog, pierced body parts and chose CB radio handles. Will there be as many "must haves" next millennium? Only the Magic 8 Ball knows for sure.

Arts Imitate Life

Nearly every civilization during the millennium expressed its culture and defining events through art and architecture. Great painters, musicians, authors and sculptors vividly captured the emotions of their day. Early Romans built coliseums and staged comedies. Byzantine mosaics and icons reflected Eastern Christian beliefs while Chinese painters produced deft landscapes.

The Middle Ages fostered the rise of Gothic cathedrals, poet Chaucer's *"Canterbury Tales"* and finely woven tapestries. In the Renaissance, William Shakespeare pumped up a volume of still-popular plays.

Michelangelo busily sculpted his marble marvel *David*. Novelists such as Jane Austen characterized the Romantic Movement of the 18th century while the 19th century promoted Impressionist painter Monet, socially-conscious authors including Charles Dickens and the riverside adventures of Mark Twain.

Ballet legend Nijinsky leaped on the 20th century arts scene. Picasso broke with tradition to pioneer Cubism and Dali turned dreams into surreality. Don't forget Dadaism, Mamaism and Norman Rockwellism. Opera was a trill a minute with stars including Beverly Sills and Luciano Pavarotti.

Stephen King and Ann Rice chilled with horror novels, while Ernest Hemingway and John Steinbeck proved more down-to-earth. Broadway was Neil Simon-ized, then "Lion King"-ized.

Sometimes You Feel Like A Nutcracker

In 1892, Russian composer Peter Tchaikovsky turned the *The Nutcracker* into a beloved holiday ballet with his remarkable suite. Twentieth century dance gained popularity as composers wrote musicals that were imaginatively choreographed, including George Gershwin's "An American in Paris." The AIDS virus is the latest epidemic civilizations have battled. Vaccines now prevent such diseases as smallpox, but any mutations could pose a threat again.

Surgical conditions were unsanitary, causing infections to spread rapidly.

Health Yourself

The mysteries of medicine, better health and longer living were revealed as the millennium unfolded. Diseases prevalent in early times were conquered through improved medicine, sanitation, immunization and eating habits, although other factors such as high cholesterol, smoking and junk foods brought on such foes as heart disease, cancer and obesity. The Food and Drug Administration now ensures proper processing to kill bacteria and preserve foods longer.

In the 1800s, Austrian monk Gregor Mendel formulated the basic rules of heredity that led to genetics, and better understanding of human makeup. Florence Nightingale brought reforms to nursing in the19th century including more sanitary conditions and scientific care for the sick. Instead of the guesswork so common in the Middle Ages, doctors now work to control, cure and prevent illness. Medical specialties were created, producing such authorities as pediatrician Dr. Benjamin Spock who knew all about babies.

Exercise became almost an obsession as gyms, jogging tracks and Jane Fondas sprouted, and personal trainers zeroed in on targeted areas. Take a deep breath and say hello to yoga, stress reduction therapy, medications to feel happy/energetic/calmer, wrinkle creams, alternative medicines, just name it. Coming And Going Attractions

Getting around was slow and hard during the beginning of the millennium but somebody had to do it. In the Middle Ages, horses got saddled with pulling wagons transporting goods and passengers for long distances. Viking ships found rough sailing to Greenland and later America, but compasses and better construction of vessels in the 1400s made voyages and overseas trade possible.

Canals and paved roads hastened travel in the 1700s and the first major U.S. Highway, the National Road, created road rage in the mid-1800s.

After Robert Fulton invented the steamboat, British inventor Richard Trevithick helped develop the locomotive.

Life quickened as travel and hauling freight became more economical.

Electric trains, streetcars and gasoline-powered engines drove transportation into the modern era. Suddenly automobiles putt-putted along and sprouted everything from running boards to fins. Airplanes soared, subways roared and spaceships explored. The risks of progress have also been great, such as the loss of pilot Amelia Earhart and her plane on an around-the-world flight in 1937, the Space Shuttle *Challenger* explosion in 1986 and numerous airplane crashes.

Tomorrow's transportation could include human teleportation and faster-than-light travel. The ride's been pretty good so far, but inevitably some still ask, "Are we there yet?"

Gas Transit

Once steam-powered engines invaded 18th century Europe, a steam car, or horseless carriage, seemed a natural. The gasoline engine and pneumatic tire, however, made automobiles practical. Henry Ford's 1908 assembly line mass production of his Model T made owning a car affordable. This led to the growth of suburbs, superhighways, motels, road-trips, traffic jams, malls and, of course, fuzzy dice.

Sports gained popularity as time lunged forward. While forms of games resembling soccer were played during the 10th century, life rarely allowed time-outs for recreation. Thank goodness for the 1600s, when the English played Rounders, a baseball predecessor, and Scotland saw early rounds of golf. By the 1800s many people led the sportin' life, including James Naismith who invented basketball, and the students of Canada's McGill University who scored with the first hockey rules.

Native American athlete Jim Thorpe won fame in early 20th century Olympic track and field, as well as football and baseball. Babe Didrickson, his female counterpart, excelled in golf as well as track and field.

As baseball became a pastime and football a passion, Babe Ruth and Hank Aaron belted pitches "outta here," Jackie Robinson broke color barriers, Joe Namath threw footballs and John Elway busted Broncos loose in the Super Bowl.

Today sports revolves around such stars as heavy-hitter Ken Griffey, Jr., golf sensation Tiger Woods and hoops immortal Michael Jordan. Amateur and school sports are also serious stuff. Millions are on the fast track with NASCAR auto racing, on the edge for extreme sports and in the ropes for wrestling.

How Did It Come Into Play?

Baseball, bowling and other familiar sports didn't just appear out of the blue. Here's a roster of some game origins.

Baseball: Cooperstown, NY 1839. Abner Doubleday based his new sport on bat-and-ball games such as "one old cat." He adopted the diamond-shaped field for his game and assigned playing positions.

Bowling: Germany, third century. Every German peasant carried a club called a kegel for protection. In church, faith was tested by setting up the kegel as a target (representing the heathen) and rolling a stone to try to knock it down. Those who succeeded were considered free of sin.

Fencing: Italy, 16th century. Fencing began in ancient times as the practice of swordsmanship to prepare men for duels and warfare.

After Thomas Edison invented the commercial motion picture machine, the Kinetoscope, in 1893, projection machines greatly enlarged a film's image. This led to one of the 20th century's most popular forms of entertainment, the movie. Sunny Hollywood beckoned such film directors as D.W. Griffith, who revolutionized film editing with *The Birth of a Nation* in 1915. Silent films made quiet stars of comedian Charlie Chaplin, handsome Douglas Fairbanks Sr., Rudolph Valentino and Jean Harlow.

In the 1930s, audiences heard voices when "talkies" caught on after *The Jazz Singer's* premier in 1927. Screwball comedies including *It Happened One Night* thrust such stars as Clark Gable and Claudette Colbert into the limelight. Alfred Hitchcock made classic thrillers, and *Frankenstein* was a chiller. *Casablanca* dramatized war and *Dr. Strangelove* spoofed it. Marilyn Monroe and Audrey Hepburn lit up the screen, and Charlton Heston found fame of biblical proportions. John Wayne saved the day, and James Bond was never shaken or stirred. The Rat Pack cruised the Vegas strip and the Brat Pack cruised the halls in *The Breakfast Club*.

Blockbusters have ruled recent movies. Sylvester Stallone punched up *Rocky*. Harrison Ford dodged madmen and meteors in *Star Wars* and *Raiders of the Lost Ark*. *Armageddon* and *Titanic* astounded audiences with their mega-dollar budgets. Tom Hanks, Julia Roberts and Will Smith became idols at 24-screen multiplexes.

Seen In 3-D

Weapons flying past! Spaceships zooming above! *Bwana Devil* wowed tinted glasses-wearing crowds as the 3-D movie phenomenon burst from the screen in 1952. But high cost and poor quality made 3-D fall flat. Disney's *Captain Eo* gloriously revived 3-D in the '80s and became an audience-grabber at Epcot Center. Now seven-story IMAX theaters, IMAX 3-D technology and simulator rides truly immerse viewers in movies.

"Oh Fiddle Dee Dee," mused Scarlett O'Hara (Vivien Leigh) over the men and misfortunes she encountered as the strong-willed and resourceful mistress of Tara Plantation in 1939's *Gone With The Wind*. Often called the greatest film made, *GWTW* told of a woman who could deal with the Civil War but not with losing the love of Rhett Butler (Clark Gable). Other unforgettable romances: *The Way We Were, Breakfast at Tiffany's* and *Shakespeare In Love*.

"Soitenly" audiences loved comedy teams such as The Three Stooges in the '30s and '40s. Those n'yuk n'yuk n'yukleheads pulled punches to make 'em laugh. Laurel and Hardy got into fine messes, while Abbott and Costello turned their antics into the monstrous classic, *Abbott & Costello Meet Frankenstein*. Groucho, Chico and Harpo Marx were top bananas in zany romps including *Monkey Business* and opened the trap door for crazies such as Martin and Lewis, Crosby and Hope, Steve Martin and Eddie Murphy.

Oh, those ruby slippers! A brilliant technicolor blast brought Kansas' Dorothy over the rainbow and into audiences' hearts as *The Wizard of Oz* premiered in 1939. One of the best-loved movies because of its re-releases and annual television broadcasts, the film boasted wicked witches, munchkins, a cowardly lion and the magical Judy Garland. *The Wizard of Oz* inspired an African American musical and movie, *The Wiz*. And who could forget that dogged '70s rock band, Toto?

Lights, Camera, Attraction!

Some movie pairings are so memorable, they have become legendary. Here are a few of Hollywood's most famous film couples:

- Katharine Hepburn and Spencer Tracy (*Woman of the Year* - 1942)
- Richard Burton and Elizabeth Taylor (*Cleopatra* - 1963)
- Jessica Rabbit and Roger Rabbit (*Who Framed Roger Rabbit?* - 1988)
- Meg Ryan and Tom Hanks (*Sleepless in Seattle* - 1993, *Joe Versus the Volcano* - 1990 and *You've Got Mail* - 1999)
- Julia Roberts and Richard Gere (*Pretty Woman* - 1990 and *Runaway Bride* - 1999)
- Humphrey Bogart and Ingrid Bergman (*Casablanca* - 1942)

George Lucas bet his high-tech space fantasy, *Star Wars*, would be a major force in movie history. Sure enough, the *Star Wars* trilogy and *Star Wars Episode I: The Phantom Menace* were "Jar-Jarring" successes. The special effects were out of this world, as Hollywood cranked up the thrill factor past *Earthquake* and *Jaws* to *Jurassic Park, Armageddon* and *Independence Day*.

He was the all-American boy. Klingons and Vulcans and Tribbles, oh my! Battling 23rd century aliens by the score, Mr. Spock, Captain Kirk and the rest of the Enterprising crew of *Star Trek* boldly went where no science fiction series had gone before: becoming immortalized in movies, spin-offs, Trekkie conventions and collector plates. "Be the first on the block to own a set!" Would folks go as bonkers over television in the late 1940s as they had over radio in the '30s? As sure as *Gunsmoke* and *The Colgate Comedy Hour,* they did. Day and night, TV entertained, reported news, televised sports and created bright stars. Variety hosts such as Ed Sullivan shared the television waves with westerns, talent shows and sitcoms, including *The Honeymooners.*

The *Beverly Hillbillies* struck a ratings gusher in the '60s, and *Gilligan's Island, Laugh-In* and *Gomer Pyle* just kept the jokes coming. *Batman* zapped, *Mission Impossible* infiltrated and *Bewitched* twitched to greatness. It was Walter Cronkite for news and Johnny Carson for late-night talk.

Those '70s shows such as *The Brady Bunch, M*A*S*H, Fantasy Island* and *All In The Family* appealed to young and old viewers. *Real People* made life entertaining, while *60 Minutes* took a harder look at the news. *Roots* popularized the mini-series, *Cheers* and *Cosby* caused '80s laughs and soap operas including *General Hospital* cleaned up.

In the '90s, tabloid TV delved deeply, *The Simpsons* kept batting Homers, cable TV became a turn-on, and *ER* and *Seinfeld* were must-see. What in Oprah's name is next?

Fate of the Union

From the wilderness came a nation ready to fight for freedom and survive all odds. Native Americans had lived in the continent long before European explorers and colonists arrived in the 16th century. Thirteen British colonies formed, and the Revolutionary War erupted when England tightened control, and Paul Revere warned of the oncoming British invasion. Independence and the United States of America were both declared in1776.

The new nation weathered heat from France and Mexico, but acquired new territory such as the Louisiana Purchase. After gold in California was discovered in 1849, America heard the roar of the Civil War, Reconstruction and Native American warriors such as Geronimo. Industry growth fueled prosperity until World War I and the beginning of the Great Depression. Two heroines, Rosie the Riveter and First Lady Eleanor Roosevelt, emerged during World War II. Peace efforts chilled as the Cold War, Korean War and McCarthyism isolated the U.S. from Communist nations.

Life prospered in the suburbs and man rocketed into space, while civil rights struggles ignited. President John F. Kennedy was struck down, as were countless soldiers in Vietnam. Then President Richard Nixon struck out after the Watergate political scandal. The Gulf War, pollution and tragedies such as the Oklahoma City bombing hit hard in recent decades. Yet Americans still rally around the Stars and Stripes.

Star Spangled Gal

Betsy Ross was a well-known Philadelphia seamstress. In 1776, the young widow was approached by George Washington's Continental Congress committee to sew the first official U.S. flag per their 13 stars/13 stripes design. With the speed of Paul Revere, she finished it off as a July 4th accompaniment to The Declaration of Independence, which laid the foundation for the United States of America.

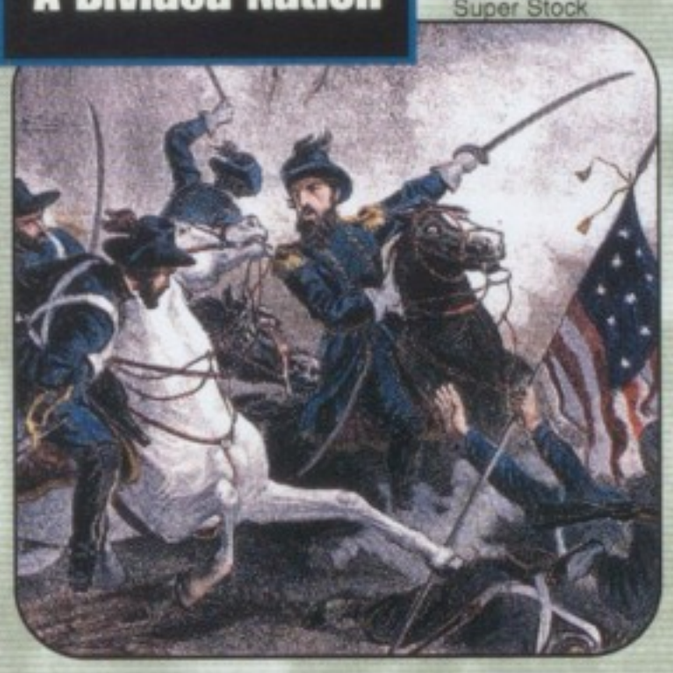
Deal-ing with Depression

Super Stock

The 1920s roared with prosperity until October 29, 1929, Black Tuesday, when the New York Stock Exchange crashed and millions of shares of stock were suddenly dumped, plunging many into poverty. Franklin D. Roosevelt defeated President Herbert Hoover in the 1932 election. Roosevelt worked to end the Great Depression with the New Deal. Since then, America has survived inflation, recession, tax cuts, and somehow, lunchroom food.

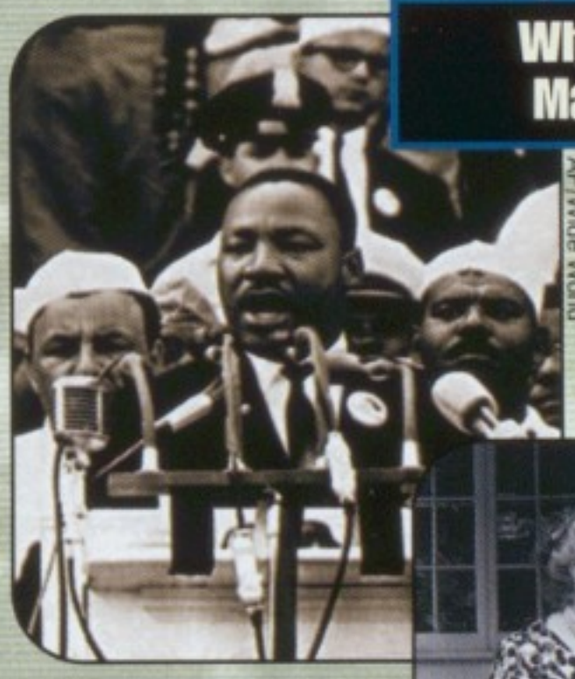
A Divided Nation

Super Stock



President Abraham Lincoln called it "A House Divided." The United States was unofficially split between the North (the Union), which sought to abolish slavery and modernize America, and the South (the Confederacy), which favored preserving slavery and an agrarian lifestyle. From 1861 to 1865, the bloody Civil War raged until General Robert E. Lee's Confederate army surrendered to General Ulysses S. Grant's Union force. Slavery was abolished and the United States became one nation again.

What Dream May Come



AP/Wide World

"I Have a Dream that my children will one day live in a nation where they will not be judged by the color of their skin, but by the content of their character," said Dr. Martin Luther King Jr. to Washington, D.C., protesters in1963. His non-violent approach helped advance civil rights for all races. Other warriors for racial equality include anti-segregationist Rosa Parks, and Jesse Jackson, who pushed for African-American economic power.

When It Was Grander On The Verandah

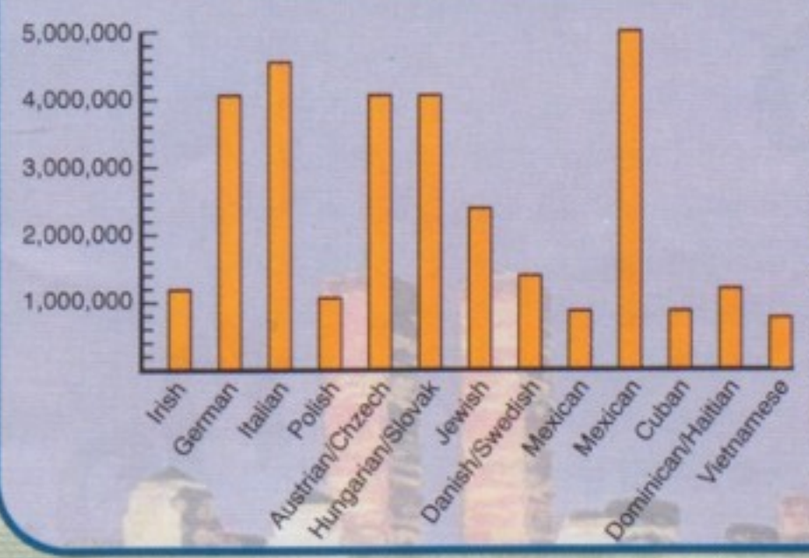
It was a simpler time called "The Good Old Days." The front porch, or stoop, was the nightly gathering place for several generations of family and friends. Evening breezes and conversation filled the air while a passing parade of buggies and neighbors moved past. Maybe it was the coming of television, indoor air conditioning or the faster pace of suburban communities that caused the front porch to disappear.

The Voice That Launched The Vote For Women

Super Stock

In 1869, Susan B. Anthony helped found the National Women's Suffrage Association to seek equal rights for women. Her efforts led to passage of the 19th Amendment in 1920, giving women the right to vote. Other women's rights leaders furthered the cause, including Gloria Steinem and Betty Friedan. Role models such as astronaut Sally Ride and Supreme Court Justice Sandra Day O'Connor opened still more doors.

She Carries a Torch for Freedom



"Give me your tired, your poor, your huddled masses yearning to be free," beckons the Statue of Liberty. A gift to the United States from France in 1884, she has welcomed millions of immigrants to American shores with her towering presence in New York Harbor. Though they hail from many nations, they now call only one country home.

In Depression-era America, radio was not only a necessity but a reassuring source of comfort. Read All About It!

AP/Wide World

In the late 1800s, some newspapers took Freedom of the Press too far. To gain new readership, some of America's leading newspapers began sensationalizing accounts of Spanish oppression in Cuba to provoke America's entry into the Spanish-American War. After this outbreak of "yellow journalism," news media took great measures to heighten credibility, though tabloid-style reporting still exists. On the flip side, investigative reporting gained popularity in the 1970s by exposing government corruption, such as Watergate, as well as improper business practices.

Revenge Of The CyberNerds

Going geek is a good thing if your name is Bill Gates. Computers revolutionized the speed and accuracy of information processing, ever since a punch card machine tabulated the 1890 census. In the 1970s, a computer's entire workings fit on a chip. Things got PC when Microsoft created software programs, making Gates a "bill"-ionaire. The Internet logged on in the '90s with waves of Web sites, interactive games, chat rooms and all-important e-mail. Pretty incredible.com, eh?

Storming The Network

AP/Wide World

No sooner had the Persian Gulf War erupted in 1991 than Ted Turner's Cable News Network, CNN, covered it non-stop. Broadcasts had never been so immediate. The Big Three networks were also shocked by the popularity of such other cable offerings as HBO, ESPN and A&E as well as satellite dishes and pay-per-view. Television viewers, however, loved all the remote possibilities.

"Mr. Watson, come here," said Alexander Graham Bell into the telephone he developed in 1876. It's become one of today's most valuable communication devices, linking people throughout the world at lightning speed. From the telephone's humble beginnings have emerged high-speed fiber optic networks, fax machines, cellular phones, computer modems and videophones. There's some connection here.

Get The Message Already?

People spoke, wrote letters and sent messengers before this millennium but communication was usually local and slow. Most Middle Ages books were religious because church leaders were among the few who could read. Monks copied books by hand and town criers were heard since they announced news. Printed books of the Renaissance allowed the masses to read the Bible and other works. By the 1600s, newspapers enabled inquiring minds to read ship schedules. Benjamin Franklin helped establish regular postal service in the 1700s and the Pony Express ran mail cross-country in the 1800s.

While steamships and locomotives sped the spread of news, it wasn't until Samuel Morse invented the telegraph in the 1840s that coded messages were transmitted rapidly. Cameras, the typewriter, telephone, phonograph and motion pictures put communications on an even faster track.

Advances came in short and long waves when Guglielmo Marconi invented radio. Television was perfected, and tape recorders came into play. Since the 1960s, communication satellites relayed TV, radio and other signals across the planet.

Computers and modems instantly processed data, and the Internet linked the world. Broadcast journalists, such as *20/20's* Barbara Walters, fueled the rise of information junkies. Fiber optics, VCRs, CD-ROMs and HDTV not only furthered technology but gave adults lots of expensive new toys.

AUTOGRAPHS

Colophon

The *Galleon* staff starts the Millennium off with this 1750 copy (1700 for the school order and 50 for samples,) 320 page record of the events of this year, both at Edward C. Reed High School, Sparks and in some cases the country as a whole. The book is printed by Taylor Publishing Company of Dallas, Texas. The yearbook staff prepared pages using a beta version of Taylor's Vision 2000 software. Reed High was one of fewer than 300 schools nationally using this desktop software.

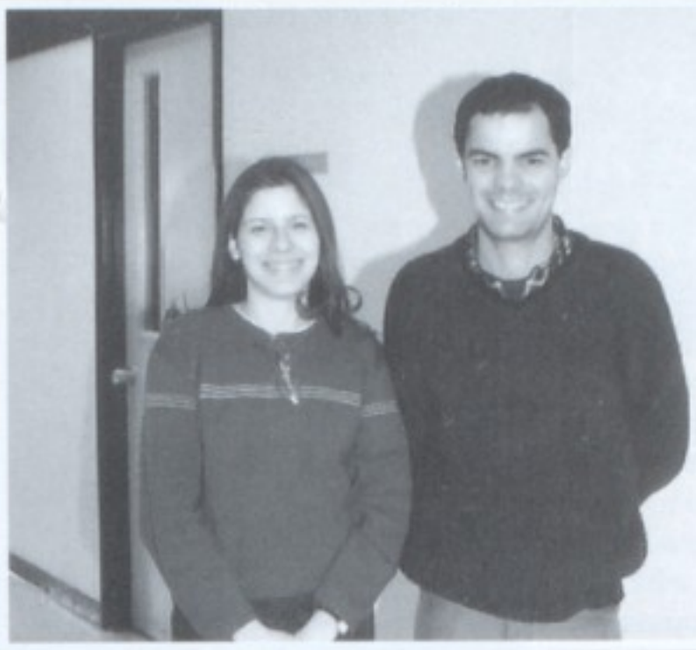
The cover design is a combination of images. The front cover shows an image entitled "Cyclone above the Indian Ocean." It was taken from the shuttle Discovery and licensed to the *Galleon* by Corbis Images. The back image is "Starry Night," downloaded and licensed for this use from PhotoDisc. The design was completed by Taylor artists, printed in full color and laminated with text in shatter foil.

The endsheet design in printed in a single ink on white, coated stock.

Yearbook contents are printed in red-black ink on 100 pound enamel paper. Fonts used are Times Roman and single font uses in special sections. A special, full color Millennium section is inserted after page 288 to mark the calendar change.

Special thanks to John McQuaide and Janey Garrison for putting up with contacts in every imaginable form and for their usual, upbeat expertise. Without them the staff could have compromised their mental health.

A huge thanks to John Byrne for his fantastic sports photos, and to Ross Photo, Wallace Athletic Photography, and Old Town Raley's for continuous photo and processing support.



Foreign Language Amity Aides are a great addition to our programs. Thanks for all their help--Virginia Berra from Argentina, Carlos Santos from Uruguay, and, not pictured, Sebastien Buisson from France.

GALLEON EDITORS

WOW! I Can't believe the year's already over. Cramming for deadlines, stressing out because of other priorities, and running all over trying to find copies and scores. Tach, these last two years have been great! You have always been a great teacher, always willing to deal with my crap. I know you got mad at me because I wouldn't let anyone else put stuff on the computer, but it always got done right the first time...right? Denisha, you are such a character! You really kept the sanity in the classroom, even though you were always stressing out about deadlines, pictures not fitting, and too many people talking to you at one time. Everything is just, "Cute and Cosy", plus that "crazy" laugh. Krystal, you were always right there by Denisha's side, always making little cracks about everybody who passed by. However, you didn't stress as much about deadlines, you just took your time and worked through them. Catherine, what can I say? You're great, always doing what you are supposed to do, at least most of the time. When ever I asked you to do something, there were no questions asked, you just did it and it was done. Although you can't pass over the time that you and Fanny took pictures in the boys' bathroom! Fanny, you were always making everyone smile when stress was hanging in the air. Brittni and Haley, even though you weren't a part of my section, you were always willing to take on extra pages; our deadlines wouldn't have gone so smoothly if it weren't for you guys.

SPORTS EDITOR KAITLYN BOYLE

Anthony, even though you didn't know what you were doing, you always wanted to help, which is greatly appreciated. Josh and Sue, my fellow editors, we didn't really spend too many long nights here, but we did go through a lot of decision making meetings. To all the coaches, thanks for putting up with us and our deadlines. We truly appreciate your patirence; the sports section would not have worked without you. This book was really awesome, and I'm glad to say that I was the Sports Editor of the 2000 Reed High School yearbook.

The year 2000. What can I say! It's been a trip; more of a journey, in fact. I can honestly say that I have done Reed's yearbook for four continuous decades. No, not for forty years--I'm not that old or insane--but in the 70's (1979), 80's, 90's and 00's (2000)! With a little luck, I hope to do it well into the 2000's as well! Why? Because I love the involvement with Reed's community and with the student staffs that make the wonderful pictorial reviews of the Raider life and spirit.

This year's staff has been wonderful. Their spirit and dedication has been a treat to be a part of over the entire year. I cannot single out any one person that has not given it 100% when asked. With our weird schedule and sometimes long hours, one might think twice to be involved. But that is not the case. This is a true team effort--we are more of a family than a class. So, all my "children", a big THANKS!

GALLEON ADVISER GEORGIA TACHOIRES

At the end of the year, the staff consisted of the wonderful editors featured on these pages plus the staff--Haley Blancey, Kristal Brown, Brittani Christensen, Catherine Connel, Christina Garcia, Anthony Hansen, Jolene Hayes, Jeaniel Image, Fanny Lee, Jamie Leonard, Rafaela Ortega, Kathryn Reed, and Denisha Washington. Kristy Darrenogue, and Stacey Hargrove rounded out the fantastic group during the Fall semester. Thanks, all!

CLASSES EDITOR SUE BALDERAS

First of all, I want to thank Tach for everything. You've been great these last two years. Without you, I don't know what any of us would do. From deadlines to lost pictures and sitting in the little back computer room with twenty other million people, I have to say you guys did great.

Thank you everyone for your dedication. Without all you guys, this book wouldn't be what it is. I don't know what to say except--this is my last year and this book will be filled with great memories for me. I hope all of you non-Seniors come back here next year to help Tach out! Good luck and take care. The best to everyone and especially to the class of "00"!

CLUBS & ACTIVITIES EDITOR JOSH ZAMBRANO

Tach, Tach, look.
We did it and pretty much on time!
So, let's call Round Table!
No, but seriously now, this book is everything we wanted it to be and so much more than we ever expected. I don't know what to say in this message so what I can say I'll say with a poem.

Some say a picture's
worth a thousand words,
Well, here are a thousand pictures,
so what do you have to say
about that?
If pages could talk,
what would they say?
Would they talk about the parties,
the games, the friends or the fun?
Would they talk about the crowded halls
or empty seats,
the love and heart break
or the never ending days,
the crazy weekends
or the generations of classes.
If the halls could talk would you listen
to what they have to say
or just keep walking.

I know the yearbook crew was amazing this year. They did it all and I will have to say that I will remember each one of you and you will all be missed. Tach, the most special of all, all I have to say is--take a Valium and relax! The deadlines are done!

So, I'll see you on the flip side!
Semper Fidelis

ALL IN SPORT---

LET'S GET READY TO RUMBLE

WORLD SERIES--The New York Yankees swept the Atlanta Braves in four straight.

SUPER BOWL--The St. Louis Rams beat the Tennessee Titan 23-6. For a time it was thought it would be an all-Florida competition with Tampa Bay and Jacksonville but they drowned.

NBA (1999) --San Antonio Spurs defeated the New York Knicks four games to one.

WOMEN'S SOCCER--The American team defeated China in a stunning overtime that resulted in a Wheaties picture for members of the team, especially Brandi Chastain after her shirt-waving celebration.

NCAA CHAMPIONSHIPS--The University of Connecticut defeated Duke 77-74. In the women's division, Purdue defeated Duke 62-45.

CYCLING--Lance Armstrong fought off competitors to win the Tour de France. That wasn't the real story. He did this after defeating testicular cancer.

THE MASTERS (GOLF)-Spaniard Jose Maria Olazabel defeated Davis Love III.

Tiger Woods tied Ben Hogan's six consecutive win tournament streak but lost in his seventh try.This was followed by Darren Clarke defeating Tiger at the Anderson Consulting Match Play Championship. Once again in golf, the U.S. made the greatest comeback in Ryder Cup History (they made up 4 stkokes on the final day) and set off a celebration that had world wide repercussions.

HORSERACING--Charismatic won the first two legs of the Triple Crown (the Kentucky Derby and the Preakness) but pulled up lame and in thier place at the Belmont.

BOXING--Controversy arose at the Lenox-Holyfield match in March. Fans saw Lewis soundly defeat Holyfield but the judges ruled it a draw. Lewis won the rematch in November but clouds of doubt remain over the fairness of the sport.

HOCKEY--The Dallas Stars defeated the Buffalo Sabers in Game Six of the Stanley Cup playoffs. Once again there was controversy over Brett Hull's skate allegedley being over the goal crease which would have negated the score.

THE YEAR IN REVIEW

THEY WERE MASTERS IN THEIR FIELDS

THEY WILL BE MISSED

Golfer **Payne Stewart** won the U.S. Open then died in a tragic, bizarre plane crash four months later. The plane traveled from Florida to South Dakota on autopilot after losing cabin pressure.

Football great **Walter "Sweetness" Payton** passed away waiting for a liver transplant.

Basketball great **Wilt Chamberlain** died of heart complications.

Comedian **Madeline Khan** of *Saturday Night Live* fame as well as being an Oscar nominee and Tony winner, died of ovarian cancer.

Author, screenwriter **Joseph Heller,** especially noted for *Catch-22,* died of a heart attack.

Candid Camera's **Alan Funt** passed away as did outstanding movie director **Stanley Kubrick** of *2001-A Space Odyssey* fame.

George C. Scott of *Patton* and *Dr. Strangelove* acting fame passed away. He was well known for refusing the Oscar for *Patton.*

John F. Kennedy, Jr. and his wife died in a plane crash while on their way to the Kennedy family compound for a family wedding.

Tragedy came to hundreds in plane crashes, the **Egypt Air** crash in the east and the most recent, the **Alaska Airliner** near Los Angeles.

Many more have left us--we remember them with pride and sorrow.

Not gone but soon to pass due to Alzsheimer's disease is former president **Ronald Reagan**. Our prayers go out to this brave, well-known politician and actor.
